

CARRIER RAID BAGS 7 JAP WARSHIPS

BRITISH VOTE
COUNT HOLDS
UP BIG THREECHURCHILL AND HIS
PARTY FLY BACK
TO LONDON

BY DANIEL DE LUCE

Potsdam, July 24 (AP)—The Big Three Conference will pause temporarily late tomorrow while British leaders go home to learn election results and discover who shall speak finally for Britain in the history-charting negotiations.

Prime Minister Churchill, Foreign Secretary Eden, and Clement Attlee, Labor party leader, will fly to London for Thursday's announcement of the July 7 ballot.

On Friday at the earliest the victor is expected back—either Churchill, the Conservative party head, with Eden still his foreign expert, or Attlee with a new foreign secretary of his choosing.

A formal British announcement said, "there is no question of the Berlin conference being over by Wednesday when the prime minister, the foreign secretary, and Mr. Attlee are returning to England for the election results."

Jap Defeat First

President Truman, Premier Stalin, and the British leaders held their eighth formal conference session today, but no details were disclosed.

What special plans Truman and Stalin have for Thursday were not disclosed, but it was said they would not discuss matters of the agenda between themselves until the British governmental chiefs return. They might, however, confer on matters of purely Russian-American interest, such as continuing lend-lease, or postwar loans.

Attlee's presence at Potsdam has permitted the tripartite negotiations to progress with less uncertainty than otherwise would have been the case. It has been obvious that no final responsibilities could be undertaken until Truman and Stalin knew for certain which Britain would head the new government.

The chief American aim is understood to be the earliest and most economical defeat of Japan. Agreement on European issues became chiefly a task of harmonizing Soviet and British views, with American opinion apparently somewhere in between.

The determination of all three powers to maintain their valuable wartime confidence and coordination through the difficult period ahead had been emphasized by sources close to each delegation.

The Americans particularly laid stress on this feature in belittling the possibly harmful rumor that there was any lineup of two against one in the Big Three meetings.

Fitch Estimates
Japan Has Only
5000 Planes Left

Washington, July 24 (AP)—Vice Admiral Aubrey W. Fitch expressed the opinion tonight that the Japanese have only about 5,000 combat planes left.

"Not many," he commented, "when you recall that the Japs lost over 4,000 planes around Okinawa."

Fitch expressed his opinion in a talk prepared for the "Navy Hour," the navy's own radio program broadcast over NBC.

Fitch said his opinion of Japan's remaining air power was also held by Vice Admiral Marc C. Mitscher, commander of Carrier Task Force 58 who will soon succeed Admiral Fitch as deputy chief of naval operations for air.

Weather

(Reported by U. S. Weather Bureau)

LOWER MICHIGAN: Fair Wednesday and Thursday except a few scattered thunder showers extreme southeast portion Wednesday forenoon. Cooler north portion and not quite so warm south portion Wednesday.

UPPER MICHIGAN: Fair Wednesday and Thursday. Cooler Wednesday.

CONVICT BIG-SHOTS ENJOY OUTING

Attorney General John R. Dethmers included this photograph in exhibits of his investigation of the state prison of Southern Michigan. He said it showed a group of inmates grouped around the red sport roadster of Assistant Deputy Warden D. C. Pettit while they were attending a social function at Pettit's home in June of 1943. The photograph includes: 1—Joseph Medley, whose escape led to the prison investigation and who now is under sentence of death in Washington, D. C. for murder; 2—Henry Luks, three-time convict who has testified he was approached to kill Senator Warren G. Hooper of Albion; 3—Erwin Schaner, sentenced from Wayne county for 10 to 25 years for rape; 4—John Wakefield, sentenced

from Oakland county to 15 to 25 years for robbery armed; 5—Harold Johnston, sentenced from Ingham county to life imprisonment for the kidnapping and robbery of a Lansing physician; 6—Chester Jurczyk, sentenced from Wayne county to life for first degree murder; 7—Raymond Fox, sentenced to life, former chief inmate clerk to Pettit, whose sentence reduction permitting him immediate parole started a feud between the parole board and Judge W. Mc Kay Skillman of Detroit and who is in Joliet prison, Illinois; No. 8—Theodore Pizzino, serving life for a 1930 killing; 9—Neil Koopman, sentenced from Ottawa county to 25 to 50 years for second degree murder of his father.

Escapee Says State
Prison In Jackson Is
"Damned Playhouse"

BY JACK I. GREEN

Lansing, July 24 (AP)—Attorney General John R. Dethmers, in the second chapter of his expose of the state prison of Southern Michigan, reported today that Joseph D. Medley, escaped convict under sentence of death in Washington, D. C., described the "world's biggest prison" as a "damned playhouse."

Dethmers revealed the inside story of Medley's escape from the big penitentiary today, close on the heels of a previous report that a four-month investigation showed vice, corruption, gambling, liquor and favoritism were rampant within the prison walls and that some inmates were permitted the "solace" of women visitors or were allowed to go outside the prison to visit prostitutes.

Dethmers gave newsmen the text of a statement by Lieut. Howard Freeland of the prison guard staff that Medley obtained the signature of Assistant Deputy Warden D. C. Pettit, for a pass permitting him to leave the prison at 6 a. m. Nov. 27, 1944, explaining he wished to secure literature for the prison war bond drive. Dethmers noted that the war bond office in Jackson did not open until 9 a. m.

NAVAL WARFARE
IN LAST PHASEFinal Plunge Into Heart
Of Japan Comes Next,
Says Adm. Halsey

San Francisco, July 24 (AP)—Admiral William F. Halsey, boss of the current fleet-aerial attack on Japan, said tonight that "the Pacific Fleet has opened a new phase of naval warfare—the final plunge into the heart of Japan."

Halsey's broadcast was made from his flagship off Japan.

The Pacific Fleet's new attack, he said, cannot be interpreted by our own people, or the Japanese, as anything but the opening of "the final plunge into the heart of Japan."

"I said after the far-flung battle for Leyte Gulf that the Japanese fleet was beaten, routed and broken, and nothing has happened since then to change my opinion," Halsey declared.

What is left of the Japanese navy is helpless but just for good luck we will hunt them out of their holes.

"If the Nips do not know they're a doomed nation they're even stupider than I think they are," said Halsey.

"My only regret is that the ships do not have wheels so we could chase them inland after we drive them from the coast," he concluded.

PEACE CHARTER
DEBATE STORMYSenator Wheeler Fights
To Limit Use Of
U. S. Troops

Washington, July 24 (AP)—Stormy Senate debate broke out today when Senator Wheeler (D-Mont) declared that while he would vote reluctantly for the United Nations charter, he would fight later to limit the use of American troops under it.

Senator Connally (D-Tex), Senator Barkley (D-Ky), and others immediately objected that to ratify the charter and then to refuse to back it up with troops to enforce peace would be to wobble on an agreement.

Senator Hatch (D-NM) challenged Wheeler to try to make his reservations now, and Senator Pepper (D-Fla.) commented that Wheeler intended to vote for the charter simply to get on record "before the next election."

Wheeler said that if the American people understood "their boys are going to be sent abroad to fight at the dictation of one man (the security council delegate) they would be against this charter."

A debate also broke out on how the United States would ratify an agreement, to be drawn up later, providing for the use of American troops to help put down incipient aggression.

Senator Vandenberg (R-Mich.), who served along with Connally on the American delegation at San Francisco, declared he was satisfied that any basic agreement on the use of force "must be ratified whether by Congress as a whole or by the Senate."

"My own personal view is that it would be by treaty," he said.

Draft Doesn't Want
Men Of 45 to 65

Detroit, July 24 (AP)—Some 622,099 Michigan men between the ages of 45 to 65 may breathe easy again—Uncle Sam doesn't want them.

Local draft boards have been instructed to destroy most draft records of registrants in that age group.

Personal records in the files are to be returned to registrants. Only the registration cards are to be retained by the boards. Registrants, however, still must carry registration certificates.

County and Federal
Public Assistance
Merger Is Approved

Lansing, July 24 (AP)—F. F. Fauri, state welfare director, reported today the federal bureau of public assistance has approved the Michigan social welfare commission's plan to consolidate county and federal public assistance administration.

Under the plan, counties will have the option of merging the positions of director of direct relief, adult hospitalization, old age assistance, aid to dependent children and aid to the blind.

CHINESE OPEN
GREAT SIEGE
UPON KWEILINPACIFIC WAR MOVES
NEARER MAINLAND
OF ASIA

BY SPENCER MOOSA

Chungking, July 24 (AP)—Chinese troops, sweeping toward almost isolated Kweilin from the south, have battled into the outskirts of the former U. S. 14th Air Force base of Yangso and are laying siege to the Japanese-held stronghold, the Chinese high command said tonight.

Yangso lies 44 miles south of the prize city of Kweilin. Soldiers of Free China fought into the suburbs of the south-central China base Monday, while to the north other veterans intensified their drive to take Kweilin, a communication line.

Chinese artillery 13 miles north-east of Kweilin opened an artillery bombardment of Lingchun on the enemy garrison's escape route to central China in an effort to prevent a Japanese withdrawal, headquarters reported.

U. S. Fleet In Close

Elsewhere in China, a communique said the Japanese had launched a sweep south of the Yangtze river to protect Tokyo's vital trans-continental corridor from Korea to Hong Kong, and bitter fighting reportedly continued along China's invasion-vulnerable coast west of Formosa.

(While the Chinese battled to break up a Japanese coastal drive between the enemy-garrisoned former treaty ports of Amoy and Swatow, the Pacific war moved closer to the Asiatic mainland.)

Destroyer forces of the U. S. Pacific Fleet struck against Japanese shipping off the Chekiang province coast, which has been virtually cleared of the enemy, sinking or damaging several craft, an American communique said.

(Tokyo reported that a flight of 100 Liberator and Mitchell bombers supported by 100 fighters, yesterday raided the Chu Shan Islands 80 miles south of Shanghai. The attack followed a new enemy-reported American bombing of airfields in the Shanghai area by more than 200 bombers and fighters from Okinawa.)

Flying Freight Car
Brings California
Fruit To Michigan

Detroit, Mich., July 24 (AP)—Carrying 18,000 pounds of fruits and vegetables picked Monday in California, a Consolidated-Vultee C-39 "Flying Boxcar" landed at Romulus airport early today.

Rushed from the farms and orchards of Ralph Meyers of Salinas, California, at a 220 mile an hour clip over the 2,600-mile route, the produce was transferred immediately from the airport at Romulus to refrigerated trucks. By 9 a. m. the food was on sale in markets throughout Detroit.

The shipment, made in the largest airborne cargo carrier in commercial use, will be followed on alternate days by four other shipments until nearly 100,000 pounds of tree and vine ripened produce has been delivered, company officials said.

Russian Quizzers
Give Goering Fit

Mondorf Les Bains, Luxembourg, July 24 (AP)—A group of Russian interrogators arrived here recently to question some of the 52 high-ranking Nazis interned in the former Palace hotel—and scared the daylight out of Hermann Goering.

Goering, looking out the window of his fourth floor room when the Soviet representatives arrived.

He leaped up and cried: "The Russians! They are here. I won't see them. I won't talk to them." But he did—they questioned him for two days.

Travel Pinch Irks
Bridge Foursomes;
Kibitzers Get Seat

New York, July 24 (AP)—Bridge players aboard the Stamford local really felt the pinch of coach congestion today the New York, New Haven & Hartford railroad insisted that they squeeze together and make room for kibitzers.

The railroad put a four-seater-per-foursome limit in effect after Mayor Frank S. Washburn of Larchmont, N. Y., reported "growing emotion" among non-card playing commuters over bridge games occupying two three-passenger seats.

Paris Trial Bares
Hidden History Of
France's Collapse

BY RELMAN MORIN

Paris, July 24 (AP)—Under searching cross-examination at the treason trial of Marshal Henri Philippe Petain, former French Premier Paul Reynaud revealed the secret fact today that in May, 1940, France and Britain considered buying off Mussolini's entry into the war by giving Italy territorial rights in Africa.

Reynaud said he made the suggestion to Britain himself, although he opposed the plan. The plans were scuttled, he said, by the opposition of Prime Minister Churchill of Britain.

World figures by the dozen, and the hidden history of France's collapse and her armistice negotiations with Germany, were dragged into the limelight as former Premier Edouard Daladier joined Reynaud in testifying against Petain on the second day of the aged Marshal's historic trial.

The 89-year-old former chief of the Vichy state, charged with intelligence with Germany and with plotting against the security of France, heard Reynaud, the last premier of the French third republic.

1. Accuse King Leopold of the

Belgians with treason;
2. Assert Petain had obstructed the rearmament of France as far back as 1934;
3. Declare that the late President Roosevelt sent an "extremely strong-worded" telegram to Petain, saying France would lose America's friendship if she dealt with the Nazis;

4. Say that a French-British union, proposed by Churchill in France's last days, was "an ideal which some day must be realized," and

5. Describe his (Reynaud's) opposition to the armistice with Germany and give the reasons why the British attacked the French fleet in North Africa in 1940.

Reynaud's disclosure of the proposed "blood money" deal with Italy was brought out as Petain's lawyers attacked his testimony. Their aim appeared to be to discredit Reynaud personally.

Reynaud, in his bitter narrative, asserted that Petain had opposed the fortification of the northern frontiers of France long before the war. Petain, he said, also opposed a two-year period of military service.

The former premier charged that Petain had influenced Adm. Jean Darlan and former Premier Camille Chautemps, a member of the Reynaud cabinet, into signing the armistice with Germany. For himself, Reynaud said that on the day his cabinet fell, June 16, 1940, he did not oppose the order to cease fire but was firmly against demands for an armistice. He said he argued lengthily with other cabinet members.

"I was left with no choice but to resign," he said. "I was in the minority."

HOOPER MURDER
TRIAL CONFUSED'Girl Friend' Of Suspect
Is Feature Witness In
Conspiracy Case

BY CHARLES MARENTETTE

Battle Creek, Mich., July 24 (AP)—The appearance of Miss Jeanette Welker, described as "Harry Fleisher's girl friend," as a witness in the case against four men charged with conspiracy to murder the late Senator Warren G. Hooper of Albion threw the trial into confusion late today.

The trial went into an uproar when Special Prosecutor Kim Sigler had her declared a "hostile" witness and read portions of testimony she had given before the Carr grand jury.

Immediately upon taking the stand the striking young woman, wearing a large, black, broad-brimmed hat with a veil, told of moving to Detroit in 1936 and of meeting Harry Fleisher in July of 1942. Other defendants in the case in addition to Harry Fleisher are his brother Sam, Mike Selik and Pete Mahoney.

"I saw him occasionally," she recalled, referring to Harry.

She said she had worked as a secretary in an advertising agency and took a job managing the kitchen in O'Leary's Bar in Detroit in January 1943 which she retained until October 1943.

"Why did you leave such a position to take over the kitchen in the bar?" Sigler asked.

"I thought it was a good way to make money," she testified.

"Wasn't it because you wanted to see Harry Fleisher?"

"Yes, it was a case of six of one, half a dozen of the other," she said.

Sailor Acquitted
Of Killing Woman
With Beer Bottle

Miami, Fla., July 24 (AP)—County Judge Ben G. Willard quickly acquitted 19 year old sailor William W. Parker, of Toledo, Ohio, late today on a manslaughter charge arising from the death of Mrs. Ella Mae Eames, 43, estranged wife of a former New England pastor.

The stocky sailor testified that he hit Mrs. Eames with a beer bottle and several hours later dumped her bruised, nude body off a fire escape into a blind alley behind a hotel in downtown Miami a week ago yesterday.

Judge Willard, sitting without a jury, listened to a 15-minute summary by Assistant Prosecutor John C. Wynn and then within 30 seconds gave his verdict of acquittal saying that "the state had failed to make a case."

GREAT NAVAL
BASE HIT BY
1,000 PLANESFAR EAST BOMBERS
SINK 3 VESSELS
AT SHANGHAI

BY MURLIN SPENCER

Guam, Wednesday, July 25 (AP)—American and British carrier planes heavily damaged two Japanese battle-ships, and three cruisers in coordinated attacks on Japan's great Kure naval base and at a Shikoku island port yesterday.

Admiral Nimitz, in today's communique, disclosed that the bombing and bombardment of the Japanese homeland was carried into the eighth day of the past 15 when cruisers and destroyers moved close inshore early this morning and shelled a seaplane base and an airfield on southwestern Honshu.

Later, he issued a second communique reporting that American and British carrier planes renewed their heavy attacks on Japanese warships and merchant vessels at dawn today.

Wide Area Blasted
The new carrier attacks centered in the Kure naval region and at Kobe. Other military targets were objectives.

Nimitz did not report the strength of today's carrier assaults, but it was presumed they were nearly as heavy as yesterday's when over 1,000 Yank and British pilots struck along a 325-mile length of Japanese territory. Nimitz announced these results: Two battleships, the Ise and Hyuga, heavily damaged.

NIMITZ GIVES SCORE

Ships' guns, carrier planes and land-based aircraft under Admiral Nimitz command have sunk or damaged 563 Japanese ships and small craft, and destroyed or damaged 635 enemy planes in the 16 days of rampaging fleet action since July 10's Tokyo strike.

His communiques list 211 vessels and small craft sunk, 352 damaged; 253 planes destroyed, 382 damaged.

Heavy cruiser Tone and light cruiser Oyodo left burning fiercely.

Heavy cruiser Aoba damaged. One large aircraft carrier damaged.

These warships were caught at Kure naval base and damaged by American carrier pilots. Nimitz disclosed that British aircraft also participated in yesterday's carrier strike, which attacked merchant as well as combat shipping in the Inland Sea, airfield installations from which kamikaze raids were launched during the Okinawa campaign, and other military targets.

Aircraft Toll Heavy
The bombed area extended from northern Kyushu through the Inland Sea to Nagoya, as well as the Kure region.

Preliminary reports listed eight enemy planes shot down, 11 destroyed on the ground, and 20 damaged on the ground by American fighters.

Munising News

BORAH OSSERS
LEAVE MUNISING

Munising—Mr. and Mrs. Borah Osser are leaving Munising today for Los Angeles, Calif., their home for the future. Mr. Osser came to Munising on July 12, 1912, arriving here shortly after his arrival in this country. The next year Miss Rose Zirlin and Mr. Osser were married in Milwaukee. They had known each other before coming here from Russia.

In 1913 Mr. Osser and Benjamin Hankin entered the grocery business together in the building on West Superior street now occupied by E. S. Walters. When Mr. Hankin went into the service in 1916 Mr. Osser bought his interest. In 1921 he sold the grocery business to Mr. Walters.

The same year, 1921, Mr. Osser bought the clothing and dry goods business of Isaac Chudacoff. For 22 years Mr. Osser conducted this business in the same building on West Superior street. Two years ago he purchased a building on East Superior and remodeled it and moved the business, the People's Store, into it. This summer, preparatory to leaving for the west coast, Mr. Osser sold this store to M. Fineman, of Chicago.

For the last third of a century Mr. Osser has been an active man in civic as well as business affairs. He has been a very active member of the Munising Development Club, Tuesday noon, at their weekly luncheon the members of the Rotary Club paid tribute to Mr. Osser's worth as a member and fellow townsman. Mr. Osser responded feelingly.

Mr. Osser worked untiringly for the new municipal dock and for the city park just east of the dock. As a result Munising today has the most attractive shore line on Lake Superior. Mr. Osser was also an enthusiastic sponsor of all Munising Fourth of July celebrations.

Fire Hazard High,
Ranger's Reminder

Munising—Rowland Blair, Munising ranger for the Hiawatha national forest, warns the general public of this area that due to scant rainfall in recent weeks there is greater danger now of possible forest fires than at any time previous in this season. Fishermen, tourists and others in the plains and timbered areas of Alger county are warned to be particularly careful.

The two dangerous periods of the year are the period in the spring between the thawing of the winter snow and the appearance of green vegetation and the period we are now entering. Late summer, if the rainfall is light, is a more dangerous period, not only because timber and vegetation are unduly dry, but because

there are so many more people in the area than in the spring.

The tension was relieved considerably Tuesday afternoon when this area was visited by a heavy fall of rain, following a two day heat wave which raised local temperatures to the highest point of the year.

BRIEFS

Floyd Marsh left Tuesday for a visit with relatives and friends in Pontiac, Ypsilanti and other points in the Lower Peninsula.

Rawley Tussing, of Houghton, visited with his brother, Bert Tussing, and family Sunday. Mr. Tussing is a conductor on the South Shore.

Mr. and Mrs. Harold Mellin and daughter Jean, are spending their vacation time here visiting relatives and friends.

L. A. Murphy, C. V. Zimmerman, J. O. Sear, and Henry Watry, of Akron, Ohio, were in Munising over the weekend for the lake trout trolling. In the same party were N. J. Watry, of Milwaukee, Wis., and Mr. and Mrs. P. J. Watry, of Cedarburg, Wis.

Ed Thorpe, of Green Bay, was a Sunday visitor at Munising.

L. Jeynak, of Detroit, was in Munising this weekend.

Mrs. H. B. Coleman, of Durand, was a Munising visitor over the weekend.

V. Wrona, of Detroit, was in Munising Sunday.

N. J. Ferris, of Marquette, was a Munising visit Sunday.

Floyd Deremer, of Detroit, spent Sunday in Munising.

A son was born at the Munising hospital Sunday to Mr. and Mrs. William McDonald of Shingletown. There will be a meeting of the American Legion Auxiliary at 8 this evening at the Legion Club.

Lieutenant and Mrs. Paul Berg announce the birth of a son on July 17 at Houghton. Lieutenant Berg is a son of Mr. and Mrs. Gus Berg of this city.

Mrs. Bruce Brackett, of Escanaba, returned home Monday evening after spending the weekend with her parents, Mr. and Mrs. G. A. Baldwin. She was accompanied by her daughters, Helen and Susan, who spent several days with their grandparents.

Signalman William Shaffstall of the U. S. Navy is spending a few days with his parents, Mr. and Mrs. Lester Shaffstall.

Miss Delphine Carlson and Miss Josephine Wolfe, of the Mather high school faculty, write friends in Munising that they have arrived at Mexico City in their vacation tour of the southern Republic. They report "a wonderful time." Miss Wolfe, who teaches Spanish in Munising, has attended the University of Mexico.

Sergeant Louise Cox of the U. S. Marine Corps stationed at Arlington, Va., is spending her furlough with her parents, Mr. and Mrs. W. A. Cox.

EVELYN 3, ALL STARS 0
Camp Evelyn defeated the Munising All Stars Monday evening by a score of 3 to 0 at the municipal diamond. The soldier boys made four hits off Pitcher Davis while the Stars made five off Pitcher LeBrasseur. All the runs scored

GREAT NAVAL

can planes. British aircraft reported this damage: 12 aircraft destroyed on the ground and on the water and 13 damaged.

A Kobe type escort aircraft carrier damaged in waters north of Takatatsu on Shikoku Island.

Two freighters damaged near Suta on the Shikoku coast. One small coastal cargo vessel, three jugglers and four junks sunk.

BIG FIRES STARTED

Manila, Wednesday, July 25 (P)—More than 300 Far East air force bombers and fighters gave the Shanghai area one of its heaviest air attacks Monday, sinking three ships, probably sinking 10 and wrecking numerous small craft. General MacArthur announced in today's communique.

MacArthur said one destroyer, one 3,000-ton freighter and a smaller freighter were sunk. Probably sunk were a destroyer escort, two submarine chasers, a 1,000-ton transport and six freighters.

An estimated 45 planes were caught on the ground and destroyed or seriously damaged at Kingwan, Tachang and Tanghai airfields, where the attackers caused large fires and explosions.

Search planes ranging over coastal sectors bombed Fusan air-drome in Korea, scored hits on a munitions dump at Amoy, causing large explosions, and destroyed a river boat near Saigon, French Indo-China.

Returning to Japanese skies after a typhoon enforced absence of a few days, patrol bombers of the

by the soldiers were unearned.

The All Stars go to Chatham tonight for a game with the Chatham team. There will be games at the local diamond tonight and tomorrow night.

BRAATZ-DOLASKIE

Miss Audrey Braatz, of this city, Sergeant Paul Dolaskie, of Shingletown, were united in marriage Saturday, Judge Frank Aley officiating. They are now spending the honeymoon period at Bar Harbor.

Sergeant Dolaskie has a 30 day furlough after serving in the European area. He is a graduate of Mather high school, class of 1936. Mrs. Dolaskie also attended Mather high. She has been an employee of the Beach Inn for a number of years.

BEAUTIFUL
WOMEN
LURED TO
LOVE-AND
DEATH!Railroad Workers
Needed To Loosen
Jam Of Soldiers

Washington, July 24 (P)—The senate war investigating committee today put its weight behind the drive to recruit 75,000 railroad workers needed to help break the transportation jam.

The committee joined Defense Transportation Director J. Monroe Johnson in pleading for assignment of more workers to the overloaded western trunk lines. The urgency of the need recently was emphasized by President Truman in a message sent after his departure for the big three conference in Berlin.

Johnson suggested that the simplest solution would be to discharge enough experienced railroaders from the army, or at least furlough them.

While Johnson was testifying, Undersecretary of War Patterson, appearing before another senate committee, rebuffed a proposal to release 30,000 soft coal miners from the army to avert a threatened fuel shortage. Patterson contended such a step would "break faith" with other fighting men and destroy the point discharge system.

Far East Air Forces attacked Miho and Yonago airfields on southern Honshu at night.

They caused large fires and explosions which lighted the entire area. Other FEAF bombers and fighter planes attacked air facilities and military installations on Tanegawa and Amami Islands in the northern Ryukyus.

Briefly Told

Townsend Club—There will be a regular meeting of the Escanaba Townsend club No. 1 at eight o'clock tonight in the city hall. Everyone is invited to attend.

Aussie Troops Push
Inland On Borneo

Manila, Wednesday, July 25 (P)—Australian ground forces on Dutch East Borneo moved two miles further along the interior highway toward Samarinda and were within 50 miles of their objective Monday.

The advance was aided by close ground support by Australian Spitfires, which caught a Japanese road convoy nine miles north of Mount Batochamper and probably destroyed 13 trucks filled with Japanese troops.

An enemy withdrawal in the Batochamper area has been under way several days.

Seven RAAF Liberators attacked three Celebes airfields and eight Australian Kittyhawks, co-operating with American P-T boats of the Seventh fleet, shot up water craft and damaged Japanese buildings in the Mandar Gulf in the Celebes.

TWINS REPEATED

Cheboygan, Mich., July 24 (P)—For the second time within 22 months, twins were born recently to Mr. and Mrs. Bert Jewett. The new babies, a boy weighing five pounds and a girl weighing six pounds, 4 ounces, arrived at the same hospital where the Jewett's twin sons, Russell and Richard, were delivered.

Burglary Teacher
Held At Detroit

Detroit, Mich., July 24 (P)—Accused by three 'teen agers of teaching them the art of burglary, Stanley Sierczynski, 34, was ordered held for trial Tuesday by Judge Arthur E. Gordon following an examination.

Arrested while robbing a store, the boys told police that their alleged tutor supplied them with burglar tools, gave them a list of grocery stores to rob and specified the preferred type of loot to steal. Bond for Sierczynski was set at \$5,000.

Bainbridge Trips
Tigers, 6 and 3

Bainbridge, Md., July 24 (P)—The Bainbridge Navy Commodore squelched a ninth inning uprising today and tripped Detroit's American League leaders, 6 to 3. Ken Raffenberg held the Tigers to seven hits, four of which came in a two-run effort in the last frame.

Score by innings:
Detroit (A.L.) 100 000 002 3 7 1
Bainbridge . 000 201 03x—6 10 2
Batteries: Houtteman, McLaughlin (5) and Miller; Raffenberg and Culp.

More Meat Ahead

THE prospective reduction in point values of lamb, veal and beef will be genuinely welcomed, even though the reduction probably will be small and will not include pork, where the shortage has been most acute.

The recent slash in the point value of butter from 24 to 16 points has served to solve the fat problem for most housewives and now for the first time in months oleomargarine is out from under the counters. The reduction in butter point value also has made available some additional red points for the purchase of meat, but only for those families who were able to purchase butter at the 24-point value.

The next logical step is a reduction in point value of oleomargarine. Now that butter can be purchased at 16 points, as compared with 14 for margarine, it may be assumed that there will be a run on butter with a corresponding lag on margarine. This will be aggravated by the reduction in point values of meat, making available additional red points for fats as well as meat.

There is still another problem that remains to be solved before the meat situation regains a semblance of normalcy. That is the distribution problem. Even with the high point values that have existed in the past, many housewives in certain areas were unable to find meat supplies even though they possessed the necessary red points. Lowering the point values will not meet the problem for those people, unless the supplies are better distributed than they have been in recent months.

Saving the Soil

THE problem of saving the rich topsoil from the harmful effects of water and wind erosion was graphically explained at a meeting of Kiwanians and farmers in Escanaba on Monday.

History records that once fertile lands in China, Africa and other countries were reduced to desert wastes by the destructive forces of wind and water. The same can happen in this country. In fact, it has, for it was only several years ago that the winds blew the topsoil off vast sections of the Southwest, later known as the Dust Bowl.

Nature provided grasses, trees and weeds to keep the soil in place, but this situation was changed when man cleared and tilled the land for the production of food and fibre crops. Bereft of trees and other natural windbreaks, the soil was picked up by the wind and carried afar. Similarly, rain no longer stayed where it fell, but flowed off in rivulets, carrying rich soil to the rivers, lakes and oceans, where it causes much harm and no good.

Upper Peninsula farms have not escaped the harmful results of erosion. Sandy wastes, deep gullies and other evidences of the wearing down action of water and rain can be seen in many places.

It is a problem that the individual cannot fight alone, however. And he does not have to, for the Soil Conservation Service is ready to help groups of farmers, who wish to organize a district organization to combat erosion on a cooperative basis. Technical advice will be given by experts of the Soil Conservation Service in controlling drainage from farm areas, terracing of the land, contour farming, gully control and other methods designed to keep the good soil where it should be to make possible productive and profitable farming. The service is available to the farmers for the asking.

Fishing for Tourists

WHEN Delta county goes "fishing" for tourists again after the war is over, it should devise ways of publicizing the sport of catching bass, pike, perch and other fish in Little and Big Bays de Noquet and Green Bay.

Brook trout fishing is great sport, it is true, but it is a pastime that a comparative small number of experts indulge in. The tourists, who come to this area, get just as big a kick out of bay fishing. We know this to be a fact, for hardly a day passes that some visitor comes to the Daily Press office to show us a big pike or even a large string of perch. And there are some who enjoy themselves by merely catching bullheads.

Escanaba, Gladstone, Masonville, Rapid River, Nahma and other communities along the shore can attract and hold tourists with their bay fishing. The region is getting much word of mouth advertising from satisfied tourist-fishermen. The important need is for boat liveries, places to buy bait, hire guides and other services that will help to make it easier for the visitors to go fishing.

Contract Signed

DESPITE an adverse ruling by the attorney general, the Delta county board of supervisors has entered into a contract with the Clemenishaw company for the reappraisal of taxable properties in the 14 townships of the county.

The contract was signed after assurance was given by the Clemenishaw company

World Events Analyzed

BY MARQUIS CHILDS

Washington—Nothing could seem more remote now in the midst of the summer doldrums, with the house of representatives starting an eleven-week vacation, than the congressional elections of 1946.

There is one organization, however, that has not forgotten about these elections.

That is the Political Action Committee, which played such a decisive part in the presidential campaign last fall.

Fostered by the CIO, and now called the National Citizens Political Action Committee, this aggressive group, with its closely-knit leadership, is already beginning to lay the lines for next year.

The plan to be followed is very much like the 1944 blueprint that brought labor's political strength into sharp focus in strategic centers.

Subsidy to Continue

MICHIGAN'S copper industry is promised another breathing spell with the announcement by Senator Murray of Montana that the government payment of metal subsidies will continue for the fiscal year.

Under the premium plan, the high producing cost mines of Houghton and Keweenaw counties are paid an additional five cents a pound to encourage the production of copper for wartime needs. This bonus has enabled Michigan's deep mines to maintain operations without losses, and has been a boon to the Copper Country which was as hard hit as any region during the depression.

What will happen to the Copper Country after the wartime need for the red metal ends and the government quits paying a production bonus is a serious matter to contemplate. Quite likely, the high cost mines that will be unable to operate profitably at market prices for copper will have to close down.

It will mean that the Copper Country will have to renew efforts to diversify its industrial economy by attracting new manufacturing industries, expending its agriculture and promoting the tourist business on an unprecedented scale.

Other Editorial Comments

NORTH WOODS STILL CALL

(Pontiac Press)

State highway department survey showed Fourth of July week traffic was more than ten percent higher than a year ago. And the greatest increase was reported from the Upper Peninsula.

This shows that the lure of the north woods still is strong and that despite the wear on tires and difficulties in getting gasoline, many persons still are managing to tour Michigan during the Summer months. Trains and buses and boats are crowded, and in addition the old family car still is taking thousands out into the beauty spots where lakes and woods beckon to city dwellers.

This is one more indication that once restrictions on traffic are lifted, which presumably will come after the war ends, northern Michigan will witness its greatest tourist seasons.

WHAT ABOUT BALLPLAYERS?

(Christian Science Monitor)

The cheer for Col. J. Munroe Johnson, ODT director, now should swell to three. His investigation into the hauling of race horses led to action. He has prohibited all shipments of race horses, show-ring horses, and racing dogs by common or contract carriers—which means railroads or truck lines.

Horse owners must now use their own vans or walk their horses from track to track—which means they cannot be shipped long distances. This will cut down the cross-country travel of stable, track, and concession employees.

Now will the new baseball commissioner, Senator A. B. "Happy" Chandler, find it the patriotic thing to juggle big-league schedules and keep the ballplayers out of the Pullmans? Something along this line is now being attempted.

Some believe good baseball—well, anyway, baseball—could be provided by city series in New York, Boston, Chicago, St. Louis, and Philadelphia, which have two teams each. For the single-league cities, Pittsburgh and Cincinnati, and Cleveland and Detroit, are only a few hours apart.

The latter two might be able to use an overnight boat. Brooklyn could join the New York teams and Washington the Philadelphia clubs for three-cornered play. This may be too drastic at so late a date. But if this is not feasible, how about having the eastern clubs and the western clubs play among themselves? The trains are pretty crowded, Senator.

Take My Word For It

Frank Colby

READERS' CORNER

This clever satire on the vagaries of English spelling has been submitted by Sol Meyer, a writer of Los Angeles.

VERSE AND PERVERSE

The man who owns a yacht Envy natch. For his head bears an ache With the money he's gacht. The government's tache On his dough Bears a tax That will grouch and will grouch On each dollar he stax. The money he earns Is a stone in his shoe And a fire that bears

Washington—Nothing could seem more remote now in the midst of the summer doldrums, with the house of representatives starting an eleven-week vacation, than the congressional elections of 1946.

There is one organization, however, that has not forgotten about these elections.

That is the Political Action Committee, which played such a decisive part in the presidential campaign last fall.

Fostered by the CIO, and now called the National Citizens Political Action Committee, this aggressive group, with its closely-knit leadership, is already beginning to lay the lines for next year.

The plan to be followed is very much like the 1944 blueprint that brought labor's political strength into sharp focus in strategic centers.

—NOW MAKING SURVEY—

Elmer Benson, chairman of PAC's executive council, and C. E. Baldwin, vice chairman, are now making a nation-wide political survey that will take them into most congressional districts in the industrial states and many rural districts. They are sparking the political organization that will work toward electing PAC-approved congressmen. In a form letter sent out to labor leaders and political organizers whom they will confer with on the present trip, Benson said:

"The work ahead is momentous. In less than 15 months, we will hold congressional elections and the hopes of millions of people will either be sustained or broken by the kind of congress we elect. Electing a good congress, a truly representative congress, requires one thing above all else—a heavy vote. In the past, these congressional elections, which have been held without the drawing card of a presidential campaign, have generally resulted in light votes and far-from-representative congresses."

PAC demonstrated last fall that it could get out the vote. Particularly, of course, in major industrial areas such as Detroit, the work of organization was highly effective. Anyone who saw that Detroit office, with the master file of some half million United Auto Workers as a starter, could not help but be impressed with the political skill of this newcomer in the national arena.

—TOUGHER JOB NEXT FALL—

The job next fall will be a lot tougher. No towering personality symbol such as that of Roosevelt will stand out on the political horizon. There will be no ready rallying point.

Then, too, the hostility latent in the '44 campaign between PAC and the old-line political management of the Democratic party is likely to be more nearly in the open. Robert Hannegan, chairman of the Democratic National Committee, and Sidney Hillman, "Honorary Chairman" of PAC, stand poles apart. It should be added, however, that the shrewd managers of PAC, contrary to some reports, are now anxious for a break with the New Deal party.

On the other side of the scale, weighing heavily in PAC's favor, is the persistent blindness of congress. Call it stupidity, call it indifference, call it heedlessness, whatever you want to—the result is likely to make it easier for PAC to knock out congressmen whom this wing of labor does not like and elect men and women who will help to the PAC line.

Stampering for a recess, congress passes a bill that will give business more than five billion dollars in direct tax relief—in effect, money in the bank. This is done in a rush, when it is doubtful whether business needs that aid now. Only very few business firms have taken advantage of the contract termination loans available when the government ends a war contract.

What has congress done about increasing unemployment compensation payments in accord with President Truman's request? About the full employment bill? Nothing, or next to nothing.

These measures are not solely for labor's benefit, not by any means. Sizeable unemployment, without a government cushion, could send the whole economy into a tailspin. Some congressmen see the handwriting on the wall. In the house, 102 members have signed up as co-sponsors of the Patman Full-Employment Bill.

The House will recess until October 8. PAC will be working hard in that interval. The results are likely to show up when the election returns come in 15 months from now.

There's so much talk about meat, it's a shame we can't eat our words.

Dancing frocks have done much toward keeping us from being shocked by bathing suits.

Judging from the wide open spaces in the meat cases, fewer goats are growing up to be lamb chops.

Till it bears him in toe. He squanders his money On fabulous victuals. It seems kind of foney The way he belittles His wealth and his riches. He's always in debt. He has one thought wiches, "I'm lucky" . . . (You bebt!)

Le Envol

Though his manner abases, His outlook is wrong, If we traded our places I'd be him 'ere wrong.

From A. A. W., Washington: Here's a word for you: Floccinaucinihilipilification.

It is found on page 717 of Vol. 1, of the 1933 edition of the Shorter Oxford English Dictionary. It is defined as, "The action or habit of estimating as worthless." Can you give us the origin of the word? Answer: I can't even pronounce it.

How About a Little Contribution, Joe?

Good Morning!

By The Bugler

PROGRESS REPORT—The Escanaba city council meeting recently had two Danforth men, Felix Johnson and Marvin Ford, come before it to find out what progress was being made on regional road.

"We were here a year and a half ago and we thought we would come back and see what progress was being made," said Johnson.

Unfortunately there wasn't much for the council to report, except that the city-owned section was left unrepaired. George Bean, former city manager, had suggested that a city-county cooperative improvement might be the answer to the problem.

Johnson and Ford offered to take the city councilmen on a ride over the road to prove how bumpy it is. When one of the councilmen said the city has made improvement by putting oil on the road surface, the Danforth men just laughed. They claim the road is so bumpy the oil just makes it harder to keep a car from sliding off the road into the ditch.

SLIGHT MISTAKE—The Escanaba Daily Press has its share of unfortunate errors in reporting the news. But it has not yet erred as did the Hastings (Mich.) Banner, a weekly. For the Banner last week apologized in an item on Page 1:

"Lucky for the Banner that the Weaver-McPherson bridal couple were good sports and accepted in an understanding spirit, the unfortunate and unintentional error, that placed their wedding write-up in the obituary column last week."

OF THE GREAT LAKES—On a recent radio quiz program the question was asked of a Georgia woman: "Where are the Great Lakes located?" The lady guessed they were in Utah, confusing the greatest body of freshwater in the world with Utah's Great Salt Lake.

There are many people in the Great Lakes area, however, who are not too sure of their facts about the Great Lakes. The Bulletin, published by the Lake Carriers' Association presents information on relative levels and depths of the five Great Lakes which will interest many persons.

Lake Superior's deepest sounding is 1,290 feet, which is just 1,080 feet deeper than the deepest point in Lake Erie. The latter is the shallowest lake of the five, having a depth of only 210 feet. Lake Michigan's greatest depth is 923 feet, Lake Huron 750 and Lake Ontario 774.

The sea levels of the five Great Lakes make interesting comparisons. Lake Superior is highest—602 feet above sea level. Lake Michigan and Lake Huron are 580 feet above sea level, a drop of 22 feet below Lake Superior.

The Great Lakes drainage from Lake Huron drops eight feet into Lake Erie, and then takes the big plunge over Niagara falls and plunges down 226 feet to the level of Lake Ontario. The level of Lake Erie is 572 feet above sea level, and that of Lake Ontario 246 feet.

FROM THE TOP UP—City Forester Robert Clayton the other day observed that "trees grow from the top," and lower branches stay the same height from the ground where they come out of the trunk. This observation probably was not meant to convey new or startling information, yet there are many people who believe trees "just grow up" without thinking how they grow.

Not so long ago the Bugler recalls reading an article in which it was stated that "old survey marks on forest trees were found to have grown upward with the tree" a considerable distance, and surveyors had to use a ladder to determine definitely that the blazes on the trees were really survey marks!

Obviously someone was in error. In this case it was probably the writer, who flavored his reporting with a dash of imaginative misinformation. Older residents of Escanaba and the county who have planted lawn trees know from personal observation that low-growing branches stay low. Only the top of the tree grows upward with new growth.

FISHERMAN—J. M. Clemenishaw, head of the Clemenishaw reappraisal firm of Cleveland, arrived in Manistig Sunday from Frankfort on the ferry and came on to Delta county. Here his company has a contract with Delta county to reappraise taxable property in the townships for equalization purposes.

But this item concerns Clemenishaw's liking for fishing. Told of the dory (walleye) fishing at the head of Little Bay de Noc, Clemenishaw went out Sunday evening—and came back with only fisherman's luck. He's to be here for two weeks, however, will give it another try.

P. S.—Monday evening Clemenishaw, in company with E. T. Wilkins and Everett Wells, caught a walleye 25½ inches long, weighing 5½ pounds, off the Garth shore. Local fishermen say it is one of the largest to be caught here this season.

—Clint Dunathan.

Into the Past

10 Years Ago—1935

The house ways and means committee approved a new mammoth tax bill today that would have corporations paying 20 percent of excess profits, up inheritance taxes, and set up surtaxes.

William F. Patterson arrived from Washington, D. C. for a visit with Mrs. Patterson who is visiting at the home of her parents, Dr. and Mrs. Cuthbert.

Mr. and Mrs. S. E. Abrahamson and son, Stanton, have returned from a trip to Duluth, Two Harbors, Minn., and points in Canada.

At least twenty Delta county young Democrats will go to Mackinac Island over the week end for a convention of the Eleventh Congressional district. Chief speaker will be Prentiss M. Brown of St. Ignace.

Elsie Janis, "Sweetheart of the A. E. F.," will recover from the automobile accident incurred with her husband last night. Her physician says she will not be scarred.

Norman Davis, ambassador at large, predicted that the League of Nations would avert the threatened war between Italy and Ethiopia.

20 Years Ago—1925

Heavy head winds, squalls, and heavy seas forced all but eleven boats to abandon the Mackinac race which should terminate around noon tomorrow.

Mr. and Mrs. Harry Ehnerd have returned from a trip to Marinette. A new state bill will limit the deer season this year to fifteen days.

sea level, and that of Lake Ontario 246 feet.

FROM THE TOP UP—City Forester Robert Clayton the other day observed that "trees grow from the top," and lower branches stay the same height from the ground where they come out of the trunk. This observation probably was not meant to convey new or startling information, yet there are many people who believe trees "just grow up" without thinking how they grow.

Not so long ago the Bugler recalls reading an article in which it was stated that "old survey marks on forest trees were found to have grown upward with the tree" a considerable distance, and surveyors had to use a ladder to determine definitely that the blazes on the trees were really survey marks!

Obviously someone was in error. In this case it was probably the writer, who flavored his reporting with a dash of imaginative misinformation. Older residents of Escanaba and the county who have planted lawn trees know from personal observation that low-growing branches stay low. Only the top of the tree grows upward with new growth.

FISHERMAN—J. M. Clemenishaw, head of the Clemenishaw reappraisal firm of Cleveland, arrived in Manistig Sunday from Frankfort on the ferry and came on to Delta county. Here his company has a contract with Delta county to reappraise taxable property in the townships for equalization purposes.

But this item concerns Clemenishaw's liking for fishing. Told of the dory (walleye) fishing at the head of Little Bay de Noc, Clemenishaw went out Sunday evening—and came back with only fisherman's luck. He's to be here for two weeks, however, will give it another try.

P. S.—Monday evening Clemenishaw, in company with E. T. Wilkins and Everett Wells, caught a walleye 25½ inches long, weighing 5½ pounds, off the Garth shore. Local fishermen say it is one of the largest to be caught here this season.

The Lyons Den

By Leonard Lyons

TRANS-ATLANTIC BAGGAGE

NEW YORK: At the Scribe bar in Paris last week, Cy Sulzberger of the N. Y. Times discussed the 65 lb. weight limitation placed on total baggage carried by a transatlantic passenger. "That's almost impossible, especially for those of us who have to carry typewriters," he said, and then gave me some advice . . . I, whose normal weight is about 150, had lost 15 pounds during my trip but was warned that I could not substitute baggage for this reduced weight, on the journey home. I, heeding Sulzberger's advice, therefore crammed my suit and overcoat pockets with the smaller, heavier items and when I stepped on the scale the puzzled airline-man watched the pointer climb to 182 lbs.

The censors and customs officials who met us when we landed asked that I empty my pockets and spread the contents on the table. Then they carefully went through my bags, and this is what they found: Six pieces of marble from the top of Hitler's library shelf at Berchtesgaden . . . A membership card for the Casino at Monte Carlo, the "Societe des Bains de Mer-Monaco," and a handful of 5-franc chips . . . A cat-o-nine tails, for which the Nazis had used the finest leather obtainable. I got it from a liberated Nazi labor-camp at Wiesbaden. It has the official labor-stamp, "R. A. D.," and the manufacturer had proudly placed his stamp on it: "Wilhelm Engers, Lederwarenfabrik, Tel. 236 Dierdorf, Bez. Koblenz."

The piece of tile with its fire-blackened cement back, the only unbroken thing which remained of the Nazi Braunhaus in Munich . . . The "Bitte Nicht Stören" sign—Please Do Not Disturb—from the Hotel Carlton in Frankfurt . . . The souvenir booklet from the Folies Bergere . . . A pocket-map of the Paris subway lines, issued by "Au Bon Marche" . . . 15 Nazi pins, one Iron Cross and 6 Nazi arm-bands . . . A tourist pamphlet issued by the optimistic Tyroleans at Arlberg, to all GIs inviting them to vacation at St. Anton Am Arlberg when they become civilian-tourists again . . . A "Concise Guide to the Port of Antwerp."

The Washington Merry-Go-Round

BY DREW PEARSON

Washington—President Truman has now made it clear at Potsdam that what the United States wants out of this war is no territory but "the peace and prosperity of the world as a whole."

This means he may have to do some tough talking with his two colleagues to battle down the unfortunate tendency on the part of both Russia and Britain to dominate certain parts of the world that don't want to be dominated.

In other words, Truman will have to re-define, if not wipe out "spheres of influence."

Last week this column described the Russian sphere of influence in the Balkans and how a combination of Bulgarian-Russian Communists had ridden roughshod over middle-of-the-road political leaders, even restricting the movements of American representatives President Truman at that time wanted to pull American officials completely out of Rumania and Bulgaria. But now, instead of retreating, he is in a position where he must stand up and try to rectify some of these injustices face to face with Stalin.

Likewise with Churchill. Though the American people have not heard as much about British injustices as they have Soviet operations in Poland, Mr. Churchill's record in Britain's so-called spheres of influence is not one to be proud of. Assyria, first victim of aggression in this war, is still occupied by British troops. Greece, the cradle of democracy, is now occupied by as many British troops as by Germans one year ago. Foreign troops are foreign troops, and Greek reaction is that they didn't fight this war to be occupied by outsiders, no matter who they are.

—EGYPTIAN GATES BATTERED IN—

Strict British censorship has concealed a great deal of what has happened in the Near East. Few people outside Egypt, for instance, have known about the high-handed way the British battered down the gates of the royal palace and forced the King to appoint a British-picked Prime Minister.

When British Ambassador Sir Miles Lampson called on King Fouad with the "advice" that Moustafa Nahas Pasha be made Premier, the King replied that the Anglo-Egyptian treaty specifically provided there was to be no British interference in Egyptian political affairs. He told the Ambassador that Egypt would cooperate in every possible way toward winning the war, but would bitterly resent any dictations as to who should be in the Egyptian cabinet.

The King then called a special meeting of his cabinet and all the political leaders. Unanimously, even including Nahas—the man the British wanted as Premier—they signed a protest against political interference. The protest was presented to Sir Miles at 7 O.M. At 8 O.M., Sir Miles asked for an immediate audience with the King, which was granted.

The audience was set for 9 p. m. but at 8:45 a brigade of British troops carrying machine guns appeared outside the royal palace. A couple of British tanks battered down the gates. Machine guns lined up inside the gates pointing toward the residence of the King—not his office.

And the British Ambassador, despite the fact that he had already been given an appointment, drove up to the palace steps—all the armed might of the British Empire behind him.

Sir Miles then repeated his demand that Nahas be made Premier of Egypt—at once. Significantly, the British Ambassador added:

"Your majesty is very fond of duck shooting. If this order is not carried out we will find some excellent duck-shooting for you immediately—in South Africa."

This hint of exile in British South Africa was sufficient. Nahas was appointed. Shortly thereafter, Sir Miles Lampson got his reward from Churchill. He was made Lord Killalea.

—BRITISH IMPRISON GREEKS—

Several miles from the royal palace in Egypt is another testimonial to what Britain considers her right to dominate certain "spheres of influence." It is a Greek concentration camp.

It was last fall that the Nazi conquerors were chased out of Greece. But today around 7,000 Greeks still are held prisoners by the British in Egypt and East African concentration camps. These Greeks are neither Fascists nor pro-Germans. They are Greeks who fought stubbornly to defend their country. But they had committed one great political crime. They are opposed to the return of the King and Churchill long has been maneuvering for the King's return.

In the British concentration camps are many Greeks well known in the U. S., among them Maj. Marcos Cladakis, a cousin of Nick Cladakis, former milk administrator for New York. Nick was killed when his Liberator was shot down over Taranto, Italy, but his cousin, fighting for the same cause, remains a prisoner of the British because he is opposed to King George II.

Prime Minister Churchill showed such great concern for the 16 arrested poles that Truman had to send Ex-Ambassador Joe Davies to London, to get him to accept the Hopkins compromise on Poland. But Churchill has shown no concern for the 7,000 Greeks whom he has imprisoned in Africa. And if President Truman really means what he says about wanting to straighten out the world's ills, he can talk to Churchill at Potsdam about the rectification of this wrong.

About the time we learn to pick out a ripe cantaloupe the season will be over.

The Jap home folks must be amazed over what the American are doing with a fleet that's been sunk several times.

Victorious Russian generals are living in rent free apartments in Moscow. Imagine even finding an apartment!

LAKES COUNCIL • WILL CONVENE Plans For Promotion Of Tourist Business • To Be Discussed

A meeting of the executive committee of the newly organized Northern Great Lakes Area Council, for promotion of the common resort and travel interests of the states of Michigan, Wisconsin, and Minnesota and the Province of Ontario will be held in August, it was announced here today by George E. Bishop, Secretary-Manager of the Upper Peninsula Development Bureau and member of the Executive Committee.

Preliminary steps to organize the council were taken at Mackinac Island at a meeting of 46 delegates from the three states and Ontario early in July when the group went on record favoring such an organization and recommended that the Executive Committee be composed of five members from each of the states and the province, the governors and the premier of the province to be members of the committee. As a result Governor Kelly has appointed four Michigan men to serve on the Executive Committee with him. They are: George E. Bishop, Marquette; P. L. Radcliffe, Detroit; Webb McCall, Mt. Pleasant; and William Palmer, Grand Rapids. All are members of the Michigan Tourist Council.

Bishop, McCall and S. V. Saxby, executive secretary of the Arrowhead Association of Northern Minnesota, were named as a committee to draw a proposed articles of incorporation and by-laws.

Nephew Attacks Nels Gilbert Will

Menominee—Contending Nels Gilbert was of unsound mind and unduly influenced at the time of making his will, John Johnson, of Menominee, a nephew who was left \$300 of an estate of \$42,000 has filed notice of protest with Probate Judge Katherine Stiles Loughton, who has set August 15 for a hearing on the bill of complaint.

Gilbert, who led the life of a recluse and was so frugal that he declined to install electricity, was found dead in the second floor apartment of a house he owned at 305 Holmes avenue early this spring. He had been dead several days when found.

Filing of his will disclosed he had an estate of \$42,000, nearly all of it in cash in three banks in Menominee, Marinette and Escanaba. Bulk of his estate went to charitable institutions, the largest single request being one of \$10,000 to an orphan's home in Gilbert's native Sweden. Several heirs-in-law including nieces and nephews received small bequests, the \$300 to Johnson being the largest.

Fayette

Fayette, Mich.—Mr. and Mrs. Alex Bouchard and Mrs. Knute Lewdal accompanied Mr. Lewdal to the bus station at Manistique. He is returning to Detroit after spending a week's vacation with friends and relatives.

Harris Humbert of Detroit recently came for his wife and children, Judy and Karen, who spent three weeks vacation at the Delore Humbert home.

Mr. and Mrs. Jules Papineau of Ensign spent Sunday at the Ernest Plante home.

Mr. and Mrs. Archie Ford of Nahma spent Sunday with friends and relatives here.

Use DDT And Other New Sprays In Potato Test

An experiment to determine the effectiveness of new spray materials for controlling disease and insect pests on potatoes is being made by Michigan State College with the cooperation of George Larson, Danforth, on whose farm the spray tests are being conducted.

Included among the new sprays is DDT, the insect repellent and exterminator developed since the start of the war and used most effectively in the European and Pacific theaters by the Americans.

The use of DDT as a control for insects that attack the potato is made possible by the release of a limited quantity to the college for experimental purposes.

Other new sprays being tested at Larson's seven-acre potato field are Dow 48 and Tennessee copper.

Besides this there is the use of Bordeaux mixture, "the old standby" spray used by potato growers for many years to protect their crops from disease and from leaf hopper. By the admixture of "Paris green" to any of the sprays the common potato bug is easily controlled.

Yesterday the spray test field at the Larson farm was inspected by Dr. J. H. Muncie, plant pathologist, and Walter Morofsky, entomologist of Michigan State College. They were accompanied by E. A. Wenner, Delta county agricultural agent.

For purpose of the spray experiments the state college furnishes the spray materials and makes the inspections, while Larson uses his own equipment in making the applications. The potato field is divided into sections, with the sections where the new sprays are used separated from the others by strips on which the standard Bordeaux spray is applied.

Yesterday the two State College men examined the field for comparison purposes. The entomologist trapped insects in the different plots. In late August they will return to the Larson farm for "digging" inspection when they will examine the developing tubers.

There are nine such "test plots" in nine counties of the Upper Peninsula. Purpose of the tests is to determine whether the sprays are as described by their manufacturers, and their effectiveness. This is the first time that the spray test has been conducted in Delta county.

When the results of the test are determined by the college, the information is conveyed to the companies manufacturing the spray materials.

Cooks

Cooks, Mich.—Cpl. Wilbert Hillson is enjoying a thirty day furlough with his parents, Mr. and Mrs. B. A. Hillson after being overseas for 29 months, stationed in England with the A. A. F. This is his first furlough since he entered service.

Mr. and Mrs. Art Kelly of Bay City visited at the home of Mr. and Mrs. James Kelly recently.

Charles Lakosky and Mr. and Mrs. Matthew Lakosky have returned to Milwaukee after visiting relatives here and also their mother, Mrs. Lily Lakosky of Manistique.

WHY
DID
HE
KILL
HIS
BEST
FRIEND?

HERE'S HOW YOU CAN PROFIT BY UNCLE SAM'S EXPERIENCE!

Do as the Army did—treat
your car with CISCO SOLVENT

Here's a success story of a famous Cities Service product—CISCO SOLVENT—which should be of great interest to you. For it points the way to better, more efficient performance for your car!

This is how it happened. A small quantity of CISCO SOLVENT was ordered by the Army for experimental use on the trucks and transport vehicles of a military camp in the South. CISCO SOLVENT was put through every conceivable test—and came out with flying colors!

Since then, Cities Service has sent more than 12,000 gallons of CISCO SOLVENT to this camp alone.

Here's What CISCO SOLVENT Does For Your Car

It cleans the engine internally—gets into every joint and crevice where harmful gum and sludge collect . . . and removes every bit of harmful dirt! The result: new vigor, new pep and power restored to a tired, sluggish motor.

Why not profit by Uncle Sam's experience? Find out what this internal engine cleaner can do to bring new life to your road-weary engine. You'll be amazed at how thoroughly it cleans the engine, the transmission, and the differential—and prolongs the life of all moving parts.

We'll be glad to give you a demonstration of CISCO SOLVENT'S remarkable cleansing powers. Drive in to see us . . . today!

LET US HELP YOU TO . . . CARE FOR YOUR CAR—FOR YOUR COUNTRY!

BUREAU FINDS BULLS SCARCE

Only 32 Animals Were Obtained On Recent Buying Trip

The ravages of war recently had a far reaching effect on the Upper Peninsula Dairy Industry when buyers representing the Up-

per Peninsula Development Bureau and Michigan State College and Department of Agriculture seeking to purchase purebred bulls for improvement of Upper Peninsula dairy herds, found it difficult to make such purchases because of a similar buying trip made just previously to the same lower Michigan counties by agents for dairy interests of Holland and Belgium.

It was particularly hard for the Development Bureau's buyers to purchase Holsteins because many of the Holsteins on the market were bought for shipment to the low countries where the breed

was developed originally. This was the second buying trip made in an effort to purchase more than 200 purebred bulls and heifers ordered by Upper Peninsula dairy farmers.

George E. Bishop, Secretary-Manager of the Upper Peninsula Development Bureau said that only 32 animals were purchased on the recent buying trip, most of them sires, bringing the total purchased to date this year to 128. He said it was apparent that at least 80 orders, mostly for heifers, will go unfilled. No further buying trips are contemplated this year.

Bishop said that black market prices being paid for veal, in addition to the buying for breeding purposes of Holstein for Belgium and Holland, made purchasing difficult.

George McIntyre, Upper Peninsula dairy specialist, Dr. B. J. Killham, state veterinary, assisted by other vets of Michigan State College, and Claude Bishop, representing the Development Bureau, made the buying trip.

The bulls were delivered to Escanaba on Thursday, July 19 and were distributed on the 20th and 21st as follows: Chippewa Co. 2; Alger Co. 2; Delta Co. 1; Bara-

ga Co. 1; Houghton Co. 1; Menominee Co. 8; Marquette Co. 7; Iron Co. 3; Ontonagon Co. 5; Dickinson Co. 2.

Prior to 1928, aviation gasoline consisted merely of straight-run gasoline of high volatility.

Acid Indigestion

Relieved in 5 minutes or
double your money back
When acids in stomach cause painful, distressing gas, sour stomach and heartburn, doctors usually prescribe the fastest-acting medicine known for symptomatic relief—medicines like those in Bell's Tablets. No laxative. Bell's brings comfort in a fifty or double your money back on return of bottle to us. 50c at all drug stores.

PICTURE QUIZ

ANOTHER ENEMY TO CONQUER
FOREST FIRES
9 OUT OF 10 CAN BE PREVENTED

PROBLEM: LOOK AT THIS PICTURE FOR 10 SECONDS THEN,
SEE IF YOU CAN ANSWER THE QUESTIONS BELOW

Q. What are these Forest Rangers doing?
A. They are replanting land denuded by forest fires.

Q. How many forest fires does America suffer each year?
A. The United States has an average of 210,970 forest and woods fires every year.

Q. Is the burned area extensive?
A. It is almost unbelievable. Each year forest and woods fires burn over 31,000,000 acres—more acres than there are in the whole of New York State!

Q. What causes forest fires?
A. 10 percent of all forest and woods fires are the result of lightning. 90 percent are man-caused!

Q. What can be done about forest and woods fires?
A. Little can be done about the 10 percent resulting from lightning. But the other 90 percent, caused by carelessness on the part of average American citizens, can and must be prevented.

Good Americans—perhaps you, your neighbors, your friends—are the guilty ones. Of course, you don't intend to start fires that kill little trees—tomorrow's timber—as well as big ones. But that's no excuse. So please be more careful than ever. Read the rules on this page. Ask your friends to read them—to learn them by heart—to follow them in all forest and woodland areas.

Personal News

Cpl. James MacDonald is spending a 30 day leave at his home before being redeployed to the Pacific area. He spent five months in England prior to his return.

Comdr. M. L. Coon arrived from the Naval Training School in Cleveland, Ohio, to spend a week's vacation at his home, 421 south Eleventh street.

Lt. Marvin Coon, Jr., who has been in the Pacific area for the last two years, is home for a week's leave before reporting back to duty.

After spending a two week furlough at his home, 1113 South First avenue, Pvt. Dale Sviland left yesterday to report to Fort Riley, Kan.

Mrs. Louis P. Groos and daughter Mary, of 1015 First avenue, have arrived home from St. Paul, Minnesota. While she was there, Mary took figure skating lessons.

Miss Mary Groos, 1015 south First avenue, left yesterday to attend a girls' camp near Marinette, Wis.

Guests of Miss Betty Mather this past week end were Miss Betty DeYoe, North Chicago, Ill.; Pauline Clark, Lansing, Mich.; and Frances Gardner, Mishawaka, Mich. The four of them left yesterday morning for Ephraim, Wis.

Betty Wade of the Marines, has returned to her base after spending her leave with relatives and friends in Escanaba.

Ralph Thomas and son, Blake, who have been visiting as guests of Mr. Thomas' mother, Mrs. Nancy B. Thomas, returned yesterday to their home in Downers Grove, Ill.

Mrs. Oscar Utberg of Detroit is spending a few weeks at the home of her brother, George Anderson, 1112 south First avenue.

Dr. Clarence Boren, of Marinette, arrived Sunday to sail the annual cruising race aboard the Rose of Sharon as the guest of Charles Stoll.

Carol Arntzen, Patsy Frasher, and Lois Nelson have returned from the Methodist Young People's Camp at Michigamme, Mich.

Michael Sorenson of Detroit, who has been visiting as a guest of his aunt and uncle, Mr. and Mrs. B. B. Loveland, 515 South Second avenue, left yesterday to visit his grandfather, Thorvald Sorenson, of Marquette.

Mrs. Peter C. Hamel, the former Marian Peterson, and son, Maury Evans, are spending several days in Marquette visiting friends and relatives.

Miss Catherine Holt and Winifred Hall of Chicago left yesterday morning for Mackinac Island after spending several days as the guests of Miss Agnes Burke, 1720 South First avenue.

Mrs. Ronnie Koth returned Thursday evening after a four-day visit with relatives and friends in Chicago, and Oak Park, Ill.

Mrs. E. J. Fournier and daughter Shirley, Ford River Road have returned after making a two weeks' lake trip, aboard the steamer on which Mr. Fournier is employed.

Miss Sarah Fraser has left for Portland, Ore., to visit her niece, Mrs. Ellis Lauderback. She was accompanied as far as Chicago by her sister, Mrs. John Frechette.

Staff Sgt. Donald J. Guindon arrived Monday night from overseas to spend a 30-day furlough with his mother, Mrs. Peter Guindon of 1212 Seventh avenue south. Following his furlough he will report to Fort Benning, Ga., for two months redeployment training. He has been in service since 1943, and was eight months overseas in France, Belgium, Luxembourg and Germany.

Miss Irma Bartley has left for Milwaukee, where she will visit with relatives and friends.

Miss Norma Thorsen is visiting with friends and relatives in Marinette and Menominee.

Capt. and Mrs. Robert Moll have arrived from San Antonio, Texas, to visit at the home of the former's father, Dr. G. W. Moll. After completing his furlough, Captain Moll will leave for Lincoln, Neb., where he will be stationed.

Flight Officer Don Goulais, who

is home on furlough from Dale Mabry Field, Tallahassee, Fla., is visiting at his family home, 711 South Tenth street.

Miss Athlenn Villeneuve is spending a one week vacation in Detroit.

Mr. and Mrs. John Hulin, 512 South Thirteenth street, have left for Norway, Mich., to attend the funeral of Mrs. Hulin's sister-in-law, Mrs. Olaf Oberg. They will return to Escanaba on Thursday.

Marge Peterson and her guest, Audrey Blake of Chicago, who have been visiting Miss Peterson's mother, Mrs. Loren Jenkins of 800 South Eleventh street, have returned to Evanston. Miss Peterson is in nurses' training at St. Francis hospital there.

Miss Barbara Bartlett, recently graduated from Western Michigan college, Kalamazoo, is visiting at the home of her parents, Mr. and Mrs. J. F. Bartlett, 921 South 14th street.

Visiting Mr. and Mrs. Jack Pearson are Sgt. and Mrs. Frank Lee Hanrath of Kenosha, Wis. Mrs. Hanrath is the former Elaine LaVelle of Escanaba.

Bob Rogers of Detroit, who has just been honorably discharged from the army, is visiting friends here.

In Milwaukee on vacation is Miss Tessie June St. Cyr. S 1/c John LaComb is home on leave from the navy.

After spending a 15-day leave at the home of his parents, Mr. and Mrs. S. Sviland, 1103 Ninth avenue south, EM 1/c Martin Sviland is leaving this morning to report to Florida.

Lt. Robert Barron is home on furlough from Kansas.

Mrs. John Day and daughter, Marie, have left to return to Council Bluffs, Iowa, after visiting Mr. and Mrs. H. H. Thurber for a week.

Visiting at the George LaChapelle home are Mrs. John Van Rossum, daughter Carol Ann and son Teddy of Oconto, Wis.

Mr. and Mrs. William Klein have returned from Ann Arbor where Mr. Klein underwent an operation.

Arriving here yesterday morning was Pvt. Elmer Bonifas, home from overseas, who will spend a 34-day furlough with his wife and daughter.

In Ishpeming this week on vacation are Mr. and Mrs. C. R. Lahay, 315 Sixth avenue south.

Pfc. Cliff Beaudin left Sunday morning for Fort Custer, Mich., after a furlough at the home of his parents, Mr. and Mrs. Cliff Beaudin, Sr., 612 South 15th street.

Home on a 30-day furlough before being redeployed to the Pacific is Cpl. Lowell Farrell, 416 South 18th street.

Staff Sgt. Don Guindon has returned home from overseas for 30 days before he is sent to the Pacific area.

After spending the weekend in Milwaukee, Mr. and Mrs. Wilfred Dufour and daughter, Marion, 313 South Twelfth street, have returned home.

Marquette, Lieung, 1214 First avenue south, is spending an extended vacation in Chicago.

Mrs. Pearl Kangas of Detroit is visiting her daughter-in-law, Mrs. John Kangas, 1217 Ludington street.

Social - Club

Clover Circle
The Clover Circle of the First Methodist church will meet at Pioneer Trail park this afternoon. In case of rain, the meeting will be held at the church. Members are asked to bring their own table service. Hostesses are Mrs. Edward Baird and Mrs. Otto Paeske.

Escanaba Golf Club
Reservations will be accepted until Friday noon for the fish dinner and Bingo party to be held at the Escanaba Golf Club Friday evening, July 27. Mr. B. W. Hall will be in charge of the evening's entertainment.

Last Saturday evening's dinner-party was enjoyed by a large crowd with twelve tables of bridge in play after dinner. Mr. E. A. Wenner had the high score for men and Mrs. W. P. Schultes led the women. Lawrence Farrell won the "Hall" prize.

L. A. to B. of R. T. Picnic
The Ladies' Auxiliary to the Brotherhood of Railroad Trainmen will hold their annual picnic on Thursday, July 26, on the lawn at the home of Mrs. Herbert Sundell, 1003 Lake Shore Drive. A pot-luck dinner will be served at 12:30 o'clock and each member is asked to bring their own table service. Games will be played in the afternoon and all members are invited to be present. For further information members may call 246-M or 739. In the event of rain the picnic will be held in the home.

Mineral Queen Lodge
Mineral Queen Lodge is planning a picnic to be held Sunday afternoon, July 29, at Escanaba; ski lodge for members and their families. Members who have not been contacted are requested to

mer and son, Buddy, are leaving for Muskegon, Mich., after a brief visit with Mrs. Cramer's mother, Mrs. Zania Rivers of this city.

Mr. and Mrs. Mel Bergeon and guests, Mr. and Mrs. Abe DeMink, Mrs. DeCam and Mrs. Mae Marks, are leaving for their homes in Kalamazoo after a vacation visit here.

Home on furlough from Germany is Cpl. LeRoy Monson who is visiting his wife, the former Betty LeDuc, and his son, Garry Lee, whom he has never seen before.

Cpl. James Sandborn is visiting with his wife, 947 Washington avenue, and his parents, Mr. and Mrs. Sandborn, 1425 North 20th street.

Mrs. George Saul and daughter, Patsy, are spending the week in Newberry where Mr. Saul is employed.

Mr. and Mrs. Phil Wellman of Seattle, Wash., have returned to their home after a visit with Mr. Wellman's mother, Mrs. Hiram Wellman, South Ford River.

telephone Mrs. John Auskis, chairman, No. 577-J.

Morning Star Meeting
The Morning Star society will hold a regular meeting this evening at the North Star hall, beginning at 8 o'clock. All members belonging to the district funeral fund are asked to be present as the district secretary, Arthur W. Moberg, and district treasurer, Nelson Jensen, will be at this meeting. A social hour and lunch will be served following the business session.

AWARDED DEGREE

Among the 43 Northern Michigan College of Education students who attained a position on the roll of honor at the close of the past semester is Marion Flynn of Harris, Mich. An average of B or better must be maintained to be chosen for listing on the honor roll. Miss Flynn received her Bachelor of Science degree at the close of the Spring semester.

From Washington, in normal times, it is possible to reach more than 60 countries by telephone.

A female starfish produces about 200,000,000 eggs annually.

Church Events

Ladies Aid
The Ladies Aid of the Salem Evangelical Lutheran church will hold its regular meeting this afternoon at 2:30 o'clock at the church parlors. Hostesses are Mrs. Adolph Paul, Mrs. Fred Rudiger, Mrs. William Schmelter and Mrs. Axel Youngchild. Members are urgently requested to attend, and friends are also invited.

Ladies' Aid Meeting
The Ladies' Aid of Immanuel Lutheran church will hold a regular meeting Thursday afternoon at 2:30 o'clock in the church parlors. The program topic will be "A Light in the Darkness." Hostesses will be Mrs. Einar Larsen, Mrs. Olof Amundsen and Mrs. Oscar Isaacson. Members and friends are invited to attend.

In hot, sultry weather, a person working strenuously may perspire five gallons in a single day.

The polar seas are far more densely populated with animal life than are the tropical seas.

Births

Mr. and Mrs. Earl Louis, Gladstone, are the parents of a son, Warren Keith, born July 21, at St. Francis hospital. Mrs. Louis is the former Dagny Oberg of this city.

Mr. and Mrs. Adolph Miller are the parents of a daughter, born at St. Francis hospital on July 18.

Born to Mr. and Mrs. Clarence E. Mylander of Escanaba at St. Francis hospital, July 21, was a daughter, Carolyn Lee.

Salvation Army
Camp Dedication
Sunday, July 29

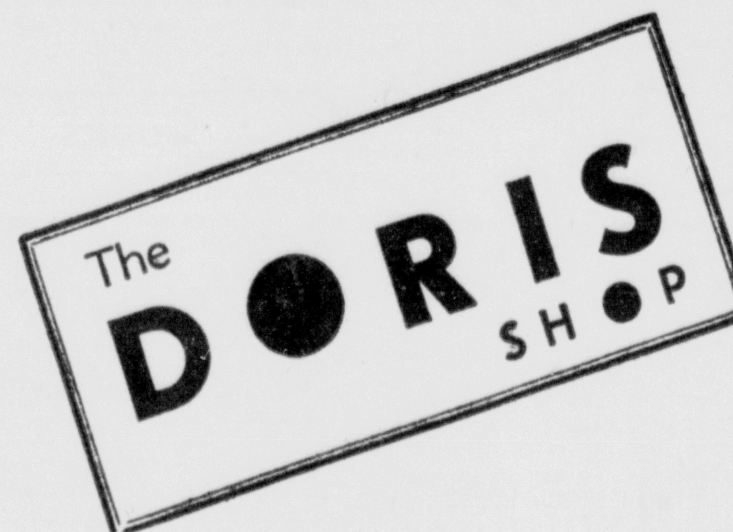

The Salvation Army's new Camp Chicagami on Newton Lake, near Crivitz, Wis., will be dedicated with appropriate ceremonies at 2:30 o'clock Sunday afternoon.

Capt. George Beckstrom of the Escanaba corps announces. Brig. Henry Rostett, Col. Ches-

ham and Col. Tom Gabrielson of the Chicago headquarters will be the principal speakers at the dedicatory program.

Camp Chicagami will be operated to serve the underprivileged children of the Escanaba and Marinette areas. A tract of land on the shore of Newton Lake and construction materials were donated to the Salvation Army to start the camp. Already, four cottages have been built, and more buildings will be erected later.

Captain Beckstrom is spending the week at Camp Chicagami, in charge of sixteen underprivileged youths from Escanaba. All Salvation Army meetings have been cancelled in this city this week, but the Ludington street welfare station will be open.

for

APRICOTS

The apricots that are now available at your food store, is fully ripened fruit, high in natural sugar content, very reasonable in price and may be canned without adding any sugar ... then sweetened to taste when served. You'll play safe if you buy and can apricots now!

BOILED SALAD DRESSING RECIPE

(about 1½ cupsfuls)

As a wartime help to housewives we are herewith suggesting a salad dressing that can be made without using any oils.

Dissolve: ½ to 1 teaspoon dry mustard; 1 to 2 tablespoons sugar; ½ teaspoon salt; 2 tablespoons flour; ¼ teaspoon paprika. In: ½ cup of cold water, Beat in top of double boiler: 1 whole egg or two yolks, ¼ cup vinegar. Add the dissolved ingredients. Cook and stir the dressing over boiling water until it is thick and smooth. Add: 2 tablespoons butter. Chill the dressing. It may be thinned with sweet or sour cream.

PLEASE!

If you have another oilless salad dressing recipe will you mail it to us, please, so we may pass it on to other housewives.

HENTSCHELL IS GRATEFUL

Expresses Thanks To Those Who Fought Saturday's Fire

Smoke is still issuing from the ruins of two stockpiles of baled corrugated paper in the yards of the Manistique Pulp and Paper company, which were destroyed in a spectacular fire Saturday night. The danger from another outbreak, however, is deemed to be past and watchmen will be on hand day and night for at least a week to guard against any further trouble.

R. G. Hentschell, general manager of the paper company has expressed his gratitude on behalf of the company for the "splendid work of the fire department in averting serious disaster." His thanks includes the members of the volunteer fire department, employees of the paper mill and local members of the forestry service.

The forestry service, under H. O. Nixon, chief ranger, gave material assistance in fighting the fire with its marine pumping engine, used to fight forest fires.

The loss as yet has not been determined as there is a probability that some of the unburned material in the stockpiles may still be useable.

Fire Chief Elmer Boal states that it is his belief that the fire was caused by spontaneous combustion, basing his conclusions on the fact that the fire became so widespread in but a few minutes.

Poor Digestion? ☐ **Headachy?** ☐ **Sour or Upset?** ☐ **Tired-Listless?** ☐

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25c.

U. S. Employment Office To Hold Open House July 26

In order to better acquaint the various veterans organizations, community service groups, and all other organizations interested in veterans of our expanded service to veterans, Michael G. Heinz local manager of the United States Employment Service of the War Manpower Commission, 125 S. Cedar street announces an open house will be held on Thursday July 26th and especially invites the officers of all veterans organizations, Red Cross, Selective Service, Chamber of Commerce, Mayor and City Manager, and any other community organizations interested in Veterans to call at the office and meet the veterans employment representative to give them an opportunity to see first hand what we are doing for the returning veterans.

POSTWAR FUNDS ARE INCREASED

Survey For Which Funds Are Allocated To Begin Soon

Allocation of an additional \$3.-236.60 to funds already set aside by the state planning commission for postwar planning surveys in the city was revealed by City Manager Charles D. Manson at a meeting of the city council Monday evening.

This amount comes by reason of the fact that other governmental units in this area had not made application for funds to carry on post war plans. With unearmarked funds available, the city's projects were benefited that much more.

Contemplated in the city's post-war plans are a water treatment plant, extension of storm and sanitary sewers and extension and improvement of the city's streets and sidewalks.

The allocated funds mentioned by Mr. Manson, were for a survey only. It is expected that this survey will begin in the course of a few days.

A new city ordinance providing for the creation of a recreation board to serve in an advisory capacity in the promotion of recreational activity, was given its second reading and passed at the meeting.

The Rev. G. M. Schram, whose religious affiliation was not revealed, asked permission to erect a frame structure of a temporary nature on Maple street. He was told that the nature of the structure would have to be examined further before a permit would be granted. The building, it is understood, is a sectional affair which could be dismantled and moved to some other location when the evangelistic meetings planned for the city are over.

The city formally accepted the transfer of a deed to the city for land to become part of a new street to be known as West Walnut, extending from the river to Chippewa avenue. The street is, in reality, an extension of Walnut street.

Walter Lindroth appeared before the council to state that the assessed valuation placed on a vacant lot along Deer street owned by him, is too high. He was assured that the matter would be investigated and reported at the next meeting of the council.

37 PICKED FOR PREINDUCTION

Group To Have Lunch In Manistique Before Marquette Trip

A group of 37 men, largest draft group in months, will report at noon today at the local draft board to leave at one o'clock for pre-induction examinations at Marquette. The men will have dinner at a local restaurant before traveling to Marquette by bus.

The group includes the following: Kenneth Tennyson, Alexander Busch, Robert Graves, Russell Thomas, Charles Dyer, Lloyd Fragale, Clayton Latsch, Gerald Thomas, Lawrence Stefanz, Carl Larson, Albert Kokesch, James Carlson, George Frankovich, Carl Archey, Harold Mickelson, Alton Sample, Ernest Derouin, Donald Carroll, Richard Berger, Daniel Fox, Elmer Jaynes, Arthur L. Smith, Roscoe Jenerou, Edward Linden, Lawrence Downing, Gordon Martin, Lawrence Bryant Vincent, Weinert, Jack Fagan, Conrad Jahn, Lyle Ledger, Orville Ledger, Raymond Wilson, Floyd Popour, Paul Blackwell.

Three men left yesterday for induction. They are Carl Oberg, Michael Minkoff, Gordon Bryant.

LEGISLATOR IS ROTE SPEAKER

Fred Bradley Warm In Praise Of President Truman

Unqualified praise for the "Americanism and statesmanship" of President Harry S. Truman was given by Congressman Fred Bradley in an informal talk before the Manistique Rotary club Monday noon.

Emphasizing the fact that though he spoke as a Republican who has, through the years, been sharply critical of the New Deal, Mr. Bradley, stated that he had nothing but warm praise for the way the new president has taken hold of world affairs and at the same time taken steps to "clean up the mess" left by the New Deal. Under Truman's leadership, he said, the American people are again permitted to know what is going on in governmental affairs. President Truman will be extremely hard to beat in the next election, Bradley stated.

The congressman's talk was informal and given over largely to the answering of questions. Concerning the state of health of the late President Roosevelt, Bradley stated that the public had been deliberately deceived. He charged that official bulletins rating the president's health as good had been given out at a time when the truth was known to be definitely quite the contrary. Bradley said that it was well known for more than two years that the president's health was in a precarious state and that there was much speculation—even betting—in Washington on his being able to last more than a few months of his fourth term. It was common knowledge, Bradley said, that many of the president's periods of absence were, in reality, periods when his health was such that he could not attend to matters of state.

Concerning the OPA, Bradley said he saw no relief in sight from the rulings of this government bureau. He criticized it because of what he termed "its discrimination against the American people."

Other nations of the world, he said, are favored by this country with a lavishness which is in sharp contrast with the curbs placed on necessities of life here.

Asked if there would be a veterans' hospital for this area, he answered that there would be, although the location of such a hospital was still a matter of doubt. The public would know what site had been selected in about three months.

Mr. Bradley has been under the doctor's care for several weeks and is seeking recuperation at a summer camp near Munising.

MRS. Mc LEOD RITES TODAY

Former Resident Of Manistique Dies In New London, Conn.

Mrs. Hattie McLeod, 70, former resident of Manistique, died July 19 at Lawrence Memorial hospital, New London, Conn., after an illness of 18 days. Mrs. McLeod was born in LaGrange, Ohio, and came to Manistique as a child. In 1934 she moved to New London, Conn., to make her home. She was married at Manistique Oct. 3, 1894, to Angus McLeod, who died in 1936. Mrs. McLeod was a member of the Presbyterian church and the Eastern Star. A daughter, Dr. Edith McLeod of Nanticoke, Conn., survives.

The body was brought to Manistique for burial, and funeral services will be held at 2:30 p. m. today at the Morton funeral home, with the Rev. William Harvey officiating. Burial will be in Lakeview cemetery.

Graveside services will be conducted by the Eastern Star lodge of Manistique.

Supervisors Held Special Meeting Monday Afternoon

A special meeting of the county board of supervisors was held at the court house Monday for the purpose of considering the rental of buildings at the fair grounds to be used by the Atkin Manufacturing Company of Belleville, which desires to locate here.

The representative of the company who was expected to be present and confer with the board, was detained and unable to appear. The proposal was discussed, but no action was taken.

City Briefs

Mr. and Mrs. James Osterhout of Eckerman, former residents of this city, are the parents of a daughter, Betty Jean, born July 8. Mrs. Anna Carlson, who has been visiting the past month in Pontiac, has returned to her home in Thompson.

Duane Dixon, infant son of Mr. and Mrs. Chester Dixon, is patient at the War Memorial hospital in the Soo.

Mr. and Mrs. Emil Erickson and daughter, Peggy, of Rogers City, visited the past weeks here with relatives.

Mrs. Chester Dixon and children have returned to their home here after spending three weeks' visiting with relatives in Eckerman.

Other nations of the world, he said, are favored by this country with a lavishness which is in sharp contrast with the curbs placed on necessities of life here.

Asked if there would be a veterans' hospital for this area, he answered that there would be, although the location of such a hospital was still a matter of doubt. The public would know what site had been selected in about three months.

Mr. Bradley has been under the doctor's care for several weeks and is seeking recuperation at a summer camp near Munising.

AL CURTIS, 56, DIES SUDDENLY

Funeral Services To Be Held On Thursday Afternoon

Alphonse J. Curtis, 56, died suddenly Monday night at his home at 1318 Minnesota avenue.

Curtis was born Sept. 26, 1889 at Lake Linden, Mich. He had been a resident of Gladstone for the past 28 years and was employed by the Marble Arms and Manufacturing company where he served in the capacity of foreman.

Surviving are the widow, Mary, two sons and a daughter, Theodore of Iron Mountain and Arthur and Mrs. William McKnight of Detroit. There are also the following brothers and sisters, Emil of Escanaba, Joseph of Cincinnati, Arthur of Ypsilanti, Mrs. Eugene LaMothe and Mrs. Mary Boudreau of Hubbell, Mrs. Beatrice Turner of Highland Park, Mrs. Angeline Chayie of South Bend, Ind., and Mrs. Clara Springer of Seattle Wash.

The body was removed to the Kelly Funeral home where it will rest in state until the hour of last rites. Funeral services will be conducted at the funeral home Thursday afternoon at 2 o'clock.

Briefly Told

Kronan Lodge—A meeting of Kronan Lodge, No. 25, will be held this evening at the Eagles Hall, at 8 o'clock. The officers urge all members to attend as very important business will be transacted.

Holy Name Society—An important meeting of the Holy Name society is to be held in All Saints' parish hall this evening. Officers request the attendance of every member.

Wasa Order—A regular meeting of the Wasa Order is to be held at the home of Mrs. Charles Erickson, 909 Delta avenue, this evening at 8 o'clock.

Mission Circle—The Ladies Mission Circle of Bethel Free church is to meet at the church at 2:30 o'clock this afternoon. Mrs. John Mathy will be the hostess. Visitors are welcome.

Midweek Services—Midweek services will be conducted in the Mission Covenant church at 7:45 o'clock this evening.

Rebekah Meeting
Mrs. J. V. Erickson entertained the members of the Rebekahs on Monday evening at her home, 1010 Minnesota avenue. A social hour was held at the close of the business meeting, with 500 and smear forming the diversion. Mrs. William Birmingham was high in smear. Mrs. J. I. Chase received the special award.
Lunch was served at the close of the evening.

GIA Meeting
Mrs. Charles Gogarn will be hostess to the members of the GIA this afternoon at her home, 1402 Michigan avenue, at 2:15 o'clock. A business meeting will be held, followed by a social.

Legion Auxiliary
A social was enjoyed by members of the Legion Auxiliary following a regular meeting of the organization Monday evening in the Legion hall.

Cards were played with Mrs. August Feldt and Mrs. Al Brusce being first and second in contract and Mrs. Leona Bastian first in smear.

Lunch was served by a committee composed of Mrs. Bastian, Mrs. B. R. Micks and Mrs. C. L. Tordeur.

The next meeting of the Auxiliary is to be on August 27, at which time Mrs. F. S. Patton, Mrs. Nye Quistorf and Mrs. William McCormick will form the committee.

City Briefs

Mrs. Robert Raymond and family left this morning for their home in Wheaton, Ill., following a three weeks visit here and in Escanaba, with relatives.

Mrs. E. C. Perkins returned Sunday morning from Sac City, Ia., having been called there by the death of her brother. While away, Mrs. Perkins visited at Humboldt and Fort Dodge, Iowa and in Deronda, Wisc. with her parents.

Mr. and Mrs. D. T. John and Miss Avis Johnson, Kenosha, Wis. are visiting at the E. A. Lawin home.

Fred Bauer and two sons, Paul and Roy left on the "400" Saturday morning for their home in Racine, following a weeks vacation visit here with his dad, and his sister and brother.

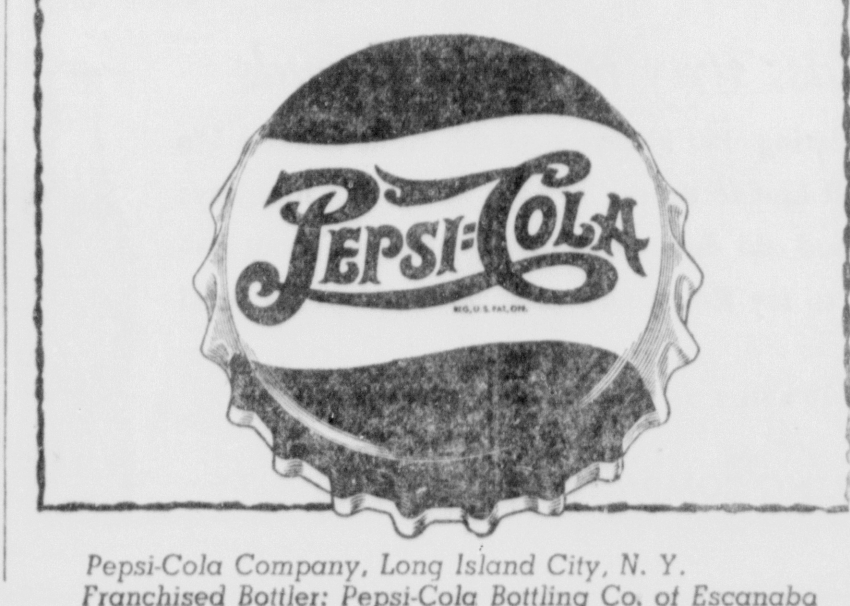

Lois Nelson is returning to her home in Pontiac tonight, following a months vacation visit with the J. M. Olsons at other relatives. Rudolph (Nick) Bauer left on the "400" Monday morning for Milwaukee, after spending a

CARD OF THANKS

We wish to thank relatives, friends and neighbors who aided us in our recent bereavement, the death of our father and grandfather, Ole Oberg. We especially thank the pallbearers, those who loaned their cars and the drivers also, those in charge of flowers and any other help. Their kindness will not be forgotten.
The Mannie Oberg family,
Oscar Oberg.

James Fitzpatrick Earned 140 Points; Granted Discharge

Sgt. James Fitzpatrick, U. S. Army Combat Engineers, has been given an honorable discharge from service and has returned to the home of his parents, Mr. and Mrs. C. B. Fitzpatrick, 1015 Wisconsin avenue, Gladstone.

Sgt. Fitzpatrick acquired a total of 140 points in four and one-half years of service. Entering service in this county with the National Guard, Fitzpatrick trained at Camp Livingston and Beauregard La., and then was sent to Iceland where he spent two and one-half years. England was next, then France and for sometime previous to his discharge he had been alternating between Germany and Austria.

He had earned four battle stars while in service.
Fitzpatrick flew back to the states from France by way of the Azores and Bermuda, stopping in Miami.

Dagenais Softballers, Teenster Baseball Team Clash Tonight

UNUSUAL GAME AT BALL PARK

Battle Will Be Fought At Diamond Near Athletic Field

The Escanaba Teensters baseball club and the Dagenais Grocers softball team will play an exhibition baseball-softball game tonight at the baseball diamond adjacent to the Escanaba athletic field, a starting at 6:30 o'clock. The game was originally scheduled to be played at the 23rd street diamond but because of the dusty condition of that diamond, it was decided to move the battle to the baseball park near the athletic field.

An unusual arrangement for the diamond has been decided upon for the game. The grass infield of the regular baseball diamond cannot be used for softball, so when the Dagenais Grocers are in the field they will play on a softball diamond that has been laid out, using the first base of the baseball diamond as home plate for the softball field. The baseline from first to second for the baseball diamond will become the baseline from third to home for the softball court. The Teensters, of course, will use the conventional baseball diamond when they are in the field.

Considerable interest in the batting cage used by the Teensters for batting practice will be installed as the backdrop for the softball diamond.

The unusual game is attracting considerable interest in the community and it is probable that the game will draw one of the biggest crowds of the season. A free will collection will be taken at the game and all of the proceeds will be donated to the Teensters baseball team for purchasing uniforms next season. This arrangement was made possible by the Dagenais softballers' generosity in waiving their share of the receipts.

The Dagenais will probably start Bill Doucette or Job Anderson on the mound and Manager Al Ness of the Teensters intends to pitch Jim Ross, a curveball artist, against the softball clouters. Each team will use its own

WHITE BIRCHES PLAY BUCKEYES

Inter-City Clash Booked For 9 p. m. At Lighted Field In Escanaba

The White Birch team of Flat Rock, holders of second place in the local American league, will meet the Buckeyes of Gladstone in a night game at the new lighted field this evening at 9 o'clock. The Buckeyes are in first place in the Gladstone league and are undefeated against competition from that city.

The two teams have met several times during the season and have played some close games, including a 3 to 2 White Birch victory last Sunday in the first half of a double-header at Gladstone. The Buckeyes, however, are determined to take the Birchies tonight and get revenge for previous setbacks.

The White Birch pitching staff includes two fine hurlers, Fife Smith and Leo Lancour. Smith, curve ball and control artist, will probably start, although the Flat Rock board of strategy may decide to lead off with Lancour whose sizzling fast ball may prove more effective under the lights.

Old Ray Hardy, with about twenty years of ball-playing experience behind him, will do the catching. Rivers will probably be on the mound for Gladstone with Lundin doing the receiving. Rivers lost a 3 to 2 decision to the Birchies last Sunday and he will be out to turn the tables on the Escanaba township boys.

The White Birch, St. Ann CYO game will be played at the lighted field at 7:30 tonight, instead of at Flat Rock.

Yank Pilot Isn't Sure Yet On His Plans To Resign
Buffalo, N. Y., July 24 (AP)—Manager Joe McCarthy of the New York Yankees said on his arrival today for a rest that he would not make up his mind about resigning until he had seen the report of his personal physician after a complete physical examination.

The Yankee pilot left the team in New York this morning after offering to resign as manager because of poor health. The offer was refused by the Yankee front office and he promised to reconsider.

Camp Kilmer Loses To Chicago Sox, 6-2
Camp Kilmer, N. J., July 24 (AP)—The Chicago White Sox defeated the Camp Kilmer Eagles today 6-2 in an exhibition game before 5,000 returned European veterans.

The Chicago nine made four runs in the second and two in the sixth, while the soldier team scored in the eighth, when Ed Murphy drove out a long homer with one on base.

The Eagles got eight hits, made one error, while the Sox racked up nine hits and no errors.

INDIANS BLANK SENATORS, 4-0

Washington, July 24 (AP)—Cleveland pounded Dutch Leonard for 11 hits in eight innings tonight to whip the Washington Senators, 4-0. Allie Reynolds was the winning hurler.

Jeff Heath's single, Lou Boudreau's sacrifice and two passed balls gave the Indians their first run in the fourth.

Cleveland put over a three-run clincher in the sixth on a double, two singles and Jose Zardon's error.

Jack Jakucki, the loser, started for the Browns and gave up one hit and five bases on balls in the first inning before he was replaced by Weldon West. Before Eddie Lake, 10th batter of the inning, hit a fielders choice grounder to end the inning, the Sox had four runs.

That would have been enough but they added singletons in the fourth and fifth.

St. Louis . . . 000 000 000—0 4 1
Boston . . . 000 100 00x—6 8 0
Jakucki, West, Appleton, Zoladak; O'Neill and Holm.

WALKS BEAT BROWNS AT BOSTON, 6 AND 0
Boston, July 24 (AP)—Four St. Louis Browns pitchers handed out 12 walks today as Emmett O'Neill and the Red Sox defeated the 1944 Cinderella men 6-0.

Jack Jakucki, the loser, started for the Browns and gave up one hit and five bases on balls in the first inning before he was replaced by Weldon West. Before Eddie Lake, 10th batter of the inning, hit a fielders choice grounder to end the inning, the Sox had four runs.

That would have been enough but they added singletons in the fourth and fifth.

St. Louis . . . 000 000 000—0 4 1

The Sports Parade

By Ken Gunderson

Anyone who thought that hardball and softball interests were virtually at each other's throats in the competition for fan support must have been greatly surprised by the announcement that Dagenais Grocers will play an exhibition game with the Escanaba Teensters baseball club tonight at the baseball diamond, the proceeds to be used by the baseball club to help purchase new uniforms for next season. This is the kind of cooperation that makes Escanaba the grandest sports center in the upper peninsula.

The generosity of the Dagenais softballers is not an empty gesture. Being the leading softball team in the city naturally had made them the butt of a lot of good natured razzing by the fans, who always turn their vocal support to the underdogs. Since the Teensters are all lads under 20 trying their darndest to revive baseball interest in Escanaba, and doing a good job of it, too, it is only logical that they will be the fans' favorites in this unusual game. The softballers know that too, which makes their participation in this affair all the more noteworthy—and deserving of a lousy cheer, even if the fans will be pulling for the baseball kids to win.

The 23rd street diamond would be an ideal spot for a game of this kind and it was originally scheduled for that diamond. However, the infield there is unusually dusty so it was decided to move the game to the new baseball park, adjacent to the athletic field. This is one of the finest, perhaps the best, baseball parks in the peninsula. The softball team, however, cannot play on that diamond, due to the grass infield, so a special diamond for softball has been marked out, using the first base of the baseball diamond as home plate of the softball diamond. It is a clever arrangement that adds a new interest to the weird game.

As for the game itself, there will undoubtedly be a lot of interesting situations. Logic favors the Dagenais softballers, principally because their players are old hands at baseball as well as softball and because they are older in experience at the diamond sport. If the Teensters possessed a fireball pitcher, the odds might be different but the youngsters, who probably will rely on Jim Ross for the pitching chore, figure that the curve ball pitching will prove plenty troublesome to the softball players, who see lots of speed during the season but very little curveball pitching.

Defensively, of course, the softball team will have a decided edge. For one thing they have ten men in the field protecting less area, because a softball cannot travel the distance that a baseball can. The baseball club will have nine men, more thinly spread than their softball-playing opponents. The Teensters, however, have a fine defensive record in its league games and are not worried about their defense developing any major leaks. All in all, it stacks up as a juicy bit of entertainment and for a very worthy cause.

Upper Peninsula Softball Tourney Will Be Aug. 4-5

The Annual Upper Peninsula Softball Tournament will be held in Menominee on August 4 and 5. Most of the teams are expected to enter Class A. The winner of Class A is eligible to represent the Upper Peninsula at the Lansing state tournament and also receives a trophy.

There will also be a tournament for Class B and if enough Class C teams enter there will be a separate tourney for them. The winners of Classes B and C receive a trophy but do not have the opportunity of participating in the state tourney as Class B and Class C tournaments have been suspended for the duration.

Entry blanks may be obtained from Paul Vardigan or from Ken Gunderson at the Press office. The entry fee for Class A is six dollars and for Class B and C the amount is four dollars. This fee must be sent to Clyde Britton, secretary, 502 Taylor avenue, Menominee, by Saturday, July 28, at 8:30 p. m. Last minute entries may possibly be accepted if given to Paul Vardigan by noon on Sunday. U. P. Softball Commissioner Fred Klaus will be at the Delta hotel Sunday at 1 p. m. to complete plans for the tournament. If team rosters and entry fees reach him by that time, the team might be included in the drawings.

SOFTBALL

MIDGET LEAGUE

The Webster Sluggers won their third Midget league game last week when they edged out the Hob Nobs at the Webster playground, 3 to 2.

Duane Benard and Ronald Noel got two hits apiece for the winners and scored two runs. The hitting stars for the Hob Nob team were Paul Laviolette, Dick Peterson and Jo-Jo Johnston.

Hob Nob . . . 000 000 2—2 5 3
Sluggers . . . 000 201 x—3 6 4
Johnston and Laviolette. Cousineau and Nyquist.

HOMER HELPS BIRDSEYE
A two-run homer by Bellefeuille in the first inning sparked the Birds Eyes to a 4 to 3 victory over the Silver Fronts in a snappy game last night. Batteries were: Curtis and Larson for the winners and Winchester and Flath for the Fronts.

White Birch 5, Peoples Hotel 3; Smith and Terrian, Wood and Peterson.

Long Fly In 11th Beats Braves, 6-5
Pittsburgh, July 24 (AP)—Frankie Gustine's long fly with one out in the eleventh scored Jack Saltzgaver who had tripled to give the Pirates a 6 to 5 victory over the Boston Braves before 20,169 fans tonight.

Saltzgaver's pinch single in the ninth started a rally that tied the game after Boston had led from the second inning.

Tommy Holmes, Boston slugger who led the league in batting virtually all season, came out of his slump with a double, single and three walks. He had gone hitless 18 consecutive times before tonight's game.

Score by innings:
Boston . . . 002 000 120 00—5 11 2
Pittsburgh . . . 010 000 031 01—6 9 0
Javery, Andrews (8), Hendrickson (9), and Hoffman, Butcher; Sewell (8), Cucurullo (8), Gables (9), and Salkeld.

Escapee Says State Prison Is Playhouse

(Continued from Page One)

waited below.

Freeland, according to Dethmers, said he let Medley out in downtown Jackson without a guard, expecting to pick him up again that night. When Medley failed to return, the report said, Poirier and Pettit searched the city for him. Dethmers said "it is interesting to note the search was made in beer taverns and houses of prostitution."

Because Medley had the keys to the prison bond office, Freeland was quoted as saying, the prison officials had to break into the office and strong box to see if any money was missing. He said they found cash and \$49 in War Stamps "had been taken by Medley before he escaped."

Dethmers said Freeland reported he was warned by Pettit and Poirier "not to mention the civilian clothing furnished inmate Medley by Poirier." He said Freeland reported that Medley had lost \$700 in a crap game a few days before the escape.

Interviewed in the District of Columbia jail by Capt. Harold Mulbar of the State Police, Medley, according to Dethmers contended "it was not an escape, he could have left any time he wanted to, that he not only had the money for the bonds in his possession but another considerable sum of money which he had collected from fellow inmates inside the walls."

Boasts of Drinking

Dethmers said Medley "boasted of having the run of the place, that he could almost come and go as he liked. He talked of frequent visits to the home of Pettit, of drinking there and how some guards he thought were unfriendly to the assistant deputy warden would attempt to smell his breath, trying to detect liquor; that he had repeatedly warned Pettit that there were certain guards who were attempting to 'get him'."

Dethmers said his probe also turned up the first testimony of Henry Luks, who testified in Battle Creek last week that he was approached to kill Senator Warren G. Macpherson of Albion.

Referring to previous disclosures that Mike Selik, one of the men accused of conspiracy to murder Hooper, and other known members of the Detroit Purple Gang, had been allowed to visit other gang members inside prison, Dethmers quoted unidentified investigators as saying:

"This gives rise to the interesting question as to whether it is not within the realm of possibility that Selik and (Harry) Fleisher (another defendant in the Hooper case) were able to contact one or more gangsters who are doing time for murder at the present time, arrange to have him or them taken away from the prison a sufficient time to commit the murder and return to the prison, leaving either him or them with a perfect alibi, that is of being confined in the Southern Michigan prison and 'on count' at the time the murder took place."

Sex Orgies Bared
Dethmers said State Corrections Director Garrett Heyns believed such a thing was possible under conditions at the prison.

Continuing his disclosures of startling conditions within the prison, Dethmers said he learned that Mrs. Robert Burns, of Marquette, became pregnant by her husband while he was in the Southern Michigan prison in February of this year. Dethmers said the case was brought to his attention by John D. Voelker, prosecutor of Marquette county.

Dethmers said Mrs. Burns testified under oath she was allowed to remain alone with her husband in the prison hospital for two hours and was hidden from view by a sheet over the door. Her pregnancy resulted, she said.

Those disclosures were an aftermath to Dethmers' report Tuesday morning that the prison was a "veritable cupid club for love-lorn inmates."

Dethmers said that for a one dollar tip wives and sweethearts of convicts were admitted to them in the prison hospital and that they were shielded from view by a sheeted door.

He charged that some inmates were transported by prison employees to the city of Jackson to visit prostitutes, paying for such services with prison produce, such as two bushels of potatoes. Others he said, were taken to week end parties at the cottage of a prison official where women were present. Another "Big Shot" criminal, Dethmers said, was made house boy in an official's home and the inmate's sweetheart was a guest in the house at the time.

Big-Shots Collect
Dethmers said a ring of Big-Shot convicts "exercised serious and improper control in the prison."

He said they sold choice assignments and cell locations for \$3 to \$50, planted their favorites and aides where they could learn what prison officials planned, that they were allowed to leave the prison almost at will, to visit other cities unguarded, were allowed to keep large sums of money in prison, and food to be brought back to the prison or to a prison official's home.

Gambling was rampant within the prison, Dethmers said. He charged that "at least 10 bookies" with runners operated in the prison, placing bets on horse races,

released.

The attorney general said prison officials hampered the probe, telling one group of four inmates they did not need to appear before the attorney general's investigators, that the warden promised "to do something for you when this blows over" for an employee in position to give damaging evidence. A guard, president of a "CIO Local" was the subject of an attempted frame-up by prison officials when the CIO was pressing an investigation of the prison in 1942, Dethmers said.

The attorney general said he would release his findings in four reports, of which two have been released.

PHIL PITCHERS HELP OUT CUBS

Position At Top Of Loop Improved By 8-3 Win Over Philadelphia

Chicago, July 24 (AP)—The Chicago Cubs improved their position at the head of the National league today by defeating Philadelphia, 8 to 3, but they had a lot of help from two Philly pitchers who couldn't find the plate. The game was played before 8,393 fans.

Dick Barrett, the starting pitcher, and Manager Ben Chapman, who finished the game, gave the Cubs a total of eight passes to first base and five of these eventually wound up in runs.

Chapman gave the Phils only six hits. A wild pitch accounted for the first run he allowed in the fourth inning. Johnny Antonelli singled and went to second on the wild pitch. Noaker Triplett drove him home with a single. In the ninth he gave his only walk of the game to Triplett. Glen Crawford forced Triplett, and Vance Dinges singled. Hal Spindel scored both of them with a double down to left.

Philadelphia . . . 000 100 002—3 6 1
Chicago . . . 200 000 24x—8 7 0
Barrett, Sproull, Chapman and Spindel; Chipman and Gillespie.

Cara Mia Leading In Mackinac Race
Mackinac Island, Mich., July 24 (AP)—The Chicago Yacht Club's Cara Mia, competing in Universal Class B, appeared to be the winner of the annual Chicago-to-Mackinac yacht race today, crossing the finish line at 10:30:55 a. m. (Central War Time) with a corrected time of 63 hours, 48 minutes and 37 seconds.

The Cara Mia actually was the second boat to finish, trailing Skipper Hugo Griffin's Tar Baby, also of the Chicago Yacht Club, across the line by a matter of minutes.

Tar Baby, the 1944 winner in 71 hours, 46 minutes, lead early finishers in this year's Universal Class A field with a corrected time of 67:56:44.

The sloop Bangalore Too, skippered by John D. Kinsey and E. B. Lumbard of the Chicago Yacht Club, paced the cruising Division C with a corrected time of 65:47:57.

Blitzen, representing the Detroit Yacht Club and skippered by Ernie Grates, was first across the finish in cruising Division A with corrected time of 67:47:57.

Five of the first eight finishers were competing in Universal Class B. After Cara Mia in that division were Lively Lady, 66:00:04; Falcon II, 66:01:18; Hornet, 67:42:54 and Hope, 67:46:56.

Others of the 37-boat field which left Chicago last Saturday were expected to reach the finish tonight with the aid of a brisk wind that arose this afternoon across the last 100 miles of the previously calm-stricken 333-mile course.

Cards Break Even, Nip Dodgers, 7-6, In Final Contest
St. Louis, July 24 (AP)—The World Champion St. Louis Cardinals gained an even break in their four game series with the Brooklyn Dodgers by winning the final game tonight in the last half of the ninth inning, 7 to 6.

Augie Bergamio pounded out his third straight single to send Marty Marion home from second with the winning run with one out.

Goodie Rosen dropped from his one-day position on top of the National league hitters as he went hitless in five trips to the plate.

that crap games with stakes as high as \$1,500 were noted.

He said large amounts of liquor called "spud juice" was manufactured inside the prison walls and that a witness testified to cleaning out "bushels" of empty whiskey and rum bottles from the sewers of the trust cell block.

He declared there was much sexual perversion within the prison and that prison officials took no effective steps to segregate pervers.

Loan Sharks Thrive
Some inmates operated pawnshops and small loan businesses in prison, charging exorbitant interest rates, the attorney general said.

Prison officials entertained inmates in their homes and the latter came back to their cells at 2 and 3 o'clock in the morning in a drunken condition, Dethmers charged.

The attorney general said prison officials hampered the probe, telling one group of four inmates they did not need to appear before the attorney general's investigators, that the warden promised "to do something for you when this blows over" for an employee in position to give damaging evidence. A guard, president of a "CIO Local" was the subject

In Service

Pvt. Robert Lester arrived here
Wednesday night to visit his par-
ents, Mr. and Mrs. Leo Lester.

Mr. Percy Joque left Saturday
for Miami, Florida after a sixty
day leave with his parents, Mr.
and Mrs. Edward Joque, follow-
ing his release from a German
prison camp.

Party

Mrs. Alfred LaVallee entertained
the members of her bridge club
at her lakeshore cabin Thursday
afternoon. Prizes were won by
Mrs. Joe Farley for high score,
Mrs. William Swaer for traveling
award, Mrs. Frank Moran for 80
honors and Mrs. Charles Gauthier
for consolation. Delicious lunch,
including boned perch was served
after play. Guests were Mrs. Alice
LaBelle of Flint, a former member
Mrs. Briggs of Flint and Mrs.
Harry Lamkey of Milwaukee.

Briefs

Mr. and Mrs. Eugene Bernier
and daughter Eugene of Detroit
came Thursday to the Charles
Winter home. Eugene will be in-
ducted into the Army Tuesday
and his wife and daughter will re-
main with her parents.

Miss Genevieve Thompson of
Escanaba was a guest at the Ed-
ward Joque home Thursday and
Friday.

Mrs. Anna Joque, daughter
Audrey, Mr. and Mrs. Herbert
Severson and Ernest Joque of Es-
canaba were guests of Mr. and
Mrs. Edward Joque Thursday.

Mrs. Joseph Farley left Satur-
day morning for Detroit and
Cleveland, Ohio to spend two
weeks with her daughter Leola,
Mrs. Calvin E. Richard.

Mrs. Robert Berg and son re-
turned here Thursday night from
Dovre, Wis., where she had been
visiting her parents-in-law. Her
brother, Dorian Des Rochers met
her at Escanaba.

Mr. and Mrs. Charles De Hut
and Mr. and Mrs. Rinkey of Mil-
waukee spent Tuesday at the Wil-
liam Swaer home.

Mr. and Mrs. Charles Wondrash,
Eva Ann and Dick Wondrash of
Lena, Wis. and Mr. and Mrs. Gor-
don Swaer, Robert and Barbara
Swaer of Oconto, Wis. spent the
week end with Mr. and Mrs. Wil-
liam Swaer.

C. A. Fourness and Donald
Christiansen of Appleton, Wis. ar-
rived at Van's Harbor on their
boat "JoJo" Tuesday and spent
the night at Bay Breeze Resort.

Joseph Warren and son Donald
have returned to Detroit after
spending a week as guests of Wil-
liam Swaer.

Mr. and Mrs. Robert Williams
and daughters Carol Rose, Karen
Marie and Judy Mae of Lincoln,
Michigan, arrived here Monday
night, accompanied by Mrs. Mary
Pardee and daughter Phoebe, who
had been visiting them, to visit
with Mr. and Mrs. John Pardee
until Wednesday.

Mrs. Alouise Watson, Mrs. Del-
phine Lerow and Mrs. Phoebe
Klinard of Flint are visiting at the
Chester and John Pardee homes.

CARD OF THANKS

We wish to express our sincere
thanks and appreciation to all our
neighbors and friends who sent flow-
ers and cards at the time of the death
of our beloved mother, Mrs. Hannah
Caroline Mathieson. Especially do we
wish to thank Rev. James G. Ward for
his consoling words, those who do-
nated the use of their cars, and all
those who in any other way assisted
us. The kindnesses shown us at this
time will never be forgotten.

Signed:
Mr. and Mrs. Geo. Steinmetz
and Family,
Mr. and Albert Legault
and Son,
Rudolph and Pric. Clyde Mathieson.

National Anthem—Key.

Obituary

MRS. HANNAH MATHIESON
Funeral services for Mrs. Hannah Mathieson were held yesterday afternoon at the Alto funeral home with the Rev. James G. Ward officiating. During the service Mrs. Louis Hildebrand sang "No Night There" and "Have Thine Own Way, Lord," accompanied by Mrs. F. M. Fernstrom.

Attending the funeral from out of the city were Mrs. Albert LeGault, Jr., and son, Billy, of Menominee; Albert LeGault, Sr., Alvin LeGault, Mrs. Fred LeGault, Mrs. Peter Schram, Mrs. Oscar Vanders and son of Gladstone.

Burial was made in Lakeview cemetery.

FRANK LAFAYE
Final rites for Frank LaFaye of Escanaba, who died Friday at the Veterans hospital at Downey, Ill., will be held at nine o'clock this morning at St. Patrick's church. The Legion will conduct military rites at the grave. Burial will be in the American Legion lot at St. Ann cemetery.

JAMES BOYLE
Funeral services for James Boyle were held yesterday morning at St. Patrick's church, with the Rev. Fr. Norbert Freiburger officiating. Burial was made in St. Joseph's cemetery.

Attending the service from out of the city were: Mr. and Mrs. George Kevelin and daughter, Kathleen, Minneapolis; Mr. and Mrs. James J. Boyle, Jr., Detroit; Anthony Roddy, of Minneapolis; Eileen Richard, Chicago; Ira Stebbins, Milwaukee; Mrs. Katherine McMillan, Los Angeles; Jack Boyle, Marquette; Mrs. Mayme Richard, Mrs. Harry Lundin and Harold Lundin, of Gladstone; Mrs. Henry Heric of Ensign; and Mrs. J. H. Murphy of Gladstone.

Chicago Schooner
Docks at Escanaba

The 45 foot schooner "Heather" of Chicago, docked at Escanaba yesterday and will remain here for a couple days before continuing to Fayette. The owner and skipper is Dr. R. H. Johnstone.

Aboard the craft are Dr. and Mrs. Johnstone and baby, Miss Nash, Miss Clark and Mr. Caird.

THE FACE OF A YOUTH AND THE SOUL OF A SATYR!

News From Men In The Service

Sgt. Walter W. Wittkoff, son of Mr. and Mrs. William Wittkoff of 529 South Twelfth street, is spending a 30-day furlough with his wife and daughter, Eva Mae, at Muscatine, Iowa, after engaging in dangerous war missions against the Japs in the South Pacific for the past 15 months.

He is expected to return to Escanaba with his family when he is discharged.

First in the Marshall islands, then in the Marianas and more recently in the Philippines, Sgt. Wittkoff was attached to an enemy bomb disposal unit. He has been in the army for four years, and for a time was an instructor following basic training.

The enemy bomb disposal units are composed of four men, the unit is always in the thick of fighting and receives its sealed orders from base headquarters. It operates with flame throwers, and utilizes dynamite in clearing out remnants of the enemy hidden in pillboxes and caves. Although the units suffer many casualties, Sgt. Wittkoff escaped with only minor injuries.

Sgt. Wittkoff was picked for the particular job because of his civilian experience when he specialized in demolition work as a civil engineer in Michigan.

Geiger Field, Wash.—Sgt. Bertill G. Carlson, son of Mr. and Mrs. Gust Carlson of Rapid River, has begun training as an Aviation Engineer of the Air Forces at Geiger Field, Spokane, Wash., according to word received today from Col. James W. Park, Commanding officer of this base.

Some of the skilled subjects taught by the AAF Aviation Engineer School are repair and operations of automotive equipment such as tractors and graders used in aircraft construction, draftsmanship, camouflage technique, carpentry, operation of highway construction equipment, which is used in the building of airport landing strips, surveying and knowledge of the operation of weapons. Almost equal emphasis

is placed on knowledge of weapons, the Commanding Officer stated, because Aviation Engineer units often operate on the heels of invading troops and must be prepared to help clear airport sites of the enemy if necessary or to defend their engineering work in case of attack. Some of the weapons studied are the 50 calibre machine gun, the mortar, bazooka, rifle, carbine and pistol.

With the Fifth Army, Italy—Sgt. John M. Lueneburg, 524 South Nineteenth street, Escanaba, recently was awarded the Bronze Star Medal for meritorious service in combat in Italy.

He served on the Fifth Army front in the 363rd Infantry Regiment of the 91st "Powder River" Division.

His wife, Roxine E. Lueneburg lives at 524 South 19th street, Escanaba.

Robert E. Ewald, 30 F 2/c, USNR, Menominee, Mich., is in training at the Naval Training Station, Newport, R. I., where he has been assigned to duty aboard a new torpedo boat tender soon to be commissioned.

Ewald, who entered the Navy in February, is married and has two daughters, Jeannie, 3 and Judy 6.

With the 15th Air Force—After long service in Italy with the 15th Air Force, Sgt. Richard L. McClinchy of Nahma, Mich., will soon return to the United States with the veteran 456th Bomb Group. He has 92 points.

Since coming overseas, he has been assigned to the 456th Bombardment Group commanded by Col. Thomas W. Steed, of Etowah, Tenn., a B-24 Liberator bomber group which has participated in numerous bombings of German-held targets throughout southern Europe and the Balkans.

New Delhi, India—Ten Michigan men are members of the 96th Signal Construction Battalion that has built a large part of the wire communications linking the India Burma & China Theaters. They are: Cpl. Theodore C. Hartner, Rt. 2, Stephenson; Cpl. Alphonse P. Laurin, 316 E 5th Street, Flint; T/5 Matt J. Ledrina, Rt. 1, Box 166, Rock; T/5 George Dang Jr., 103 Standish Drive Monroe; S/Sgt. Melvin A. Hawbeck, 618 Johnson St., Saginaw; Pfc. Henry H. Lambert, 307 Flint St. Davison; Pvt. Walter S. Reynolds 3505 Alpha St. Lansing; Major Wayne R. Osborn,

617 Cherry S. E. Grand Rapids; Capt. Walter Lentz, Freeland; and Pfc. Robert D. Duerr, 16208 Edward, Highland Park.

The line was originally built for combat operations, and the speed at which it was constructed was dictated by combat necessity. It runs from Calcutta, India to Kunming, China.

John Stemick, Jr., son of Mr. and Mrs. John J. Stemick, of Ensign, has been promoted from private, first class, to technician, fifth grade (corporal), his commanding officer, Capt. John Whitfield, has announced. Cpl. Stemick has been 20 months overseas, and was stationed in Australia and New Guinea before his recent transfer to the Philippines. A twin brother, Pfc. Joseph Stemick, is serving in Italy.

Circus Attracts Small Audience
Playing before a small audience yesterday afternoon, and a larger one last evening, the Arthur Brothers circus presented two performances here at the Ludington street grounds.

Appearing here on the hottest day of the season, the show lacked the sparkle usually associated with the "big top." The afternoon audience, comprised largely of popcorn-eating youngsters, perfunctorily applauded the trained dogs, elephants, and horses, the acrobats, tight-rope walkers, clowns and numerous other acts. The more outstanding acts of the show included Ken Maynard and his wonder horse, Tarzan; the trapeze artists and a trained sealion. The circus has been showing in Montana, Minnesota and the Dakotas.

Fire Burns Pole—Electric power to the Birds Eye company plant was interrupted about 3 a. m. yesterday when a grass fire burned the bottom of a power line pole near the fair grounds, and the pole and transformer fell to the ground. The fire was believed to have started from a cigarette. City light

Weather Reaches 85 Degree Peak

The temperature reached 85 degrees in Escanaba yesterday to establish a new maximum temperature of the season and exceeded by one degree the previous maximum, which was recorded on Sunday, June 24. The heat was accompanied by exceptionally high humidity, 75 per cent, and shortly before five o'clock rainfall provided tempering relief.

The weather forecast for today is cooler, the local weather bureau reported.

Son From Seattle Visits Mother, 92

Three years ago, Mr. and Mrs. Phil Wellman came from Seattle, Wash., to be with Mr. Wellman's mother, Mrs. H. Wellman of South Ford River, for her 89th birthday anniversary. Recently they came again, this time to join in the observance of the mother's 92nd birthday, on July 9. They will leave today on their return trip to Seattle, stopping for a day's visit at Green Bay enroute. Mrs. Phil Wellman left Escanaba 22 years ago.

Also attending the birthday celebration was Mrs. Jim Brown of Saginaw, a daughter of Mrs. H. Wellman, who is visiting here. Mrs. Brown acted as cook and caterer for the birthday celebration.

Car Hits Pole—A car driven by Harold Myers of 1018 Dakota avenue, Gladstone, at 3:20 a. m. yesterday struck and broke a telephone on Washington avenue in Escanaba, police reported yesterday. The car was damaged, and Myers suffered minor injuries.

Fire Burns Pole—Electric power to the Birds Eye company plant was interrupted about 3 a. m. yesterday when a grass fire burned the bottom of a power line pole near the fair grounds, and the pole and transformer fell to the ground. The fire was believed to have started from a cigarette. City light

Recently they came again, this time to join in the observance of the mother's 92nd birthday, on July 9. They will leave today on their return trip to Seattle, stopping for a day's visit at Green Bay enroute. Mrs. Phil Wellman left Escanaba 22 years ago.

Also attending the birthday celebration was Mrs. Jim Brown of Saginaw, a daughter of Mrs. H. Wellman, who is visiting here. Mrs. Brown acted as cook and caterer for the birthday celebration.

Car Hits Pole—A car driven by Harold Myers of 1018 Dakota avenue, Gladstone, at 3:20 a. m. yesterday struck and broke a telephone on Washington avenue in Escanaba, police reported yesterday. The car was damaged, and Myers suffered minor injuries.

Fire Burns Pole—Electric power to the Birds Eye company plant was interrupted about 3 a. m. yesterday when a grass fire burned the bottom of a power line pole near the fair grounds, and the pole and transformer fell to the ground. The fire was believed to have started from a cigarette. City light

Obituary

MRS. HANNAH MATHIESON
Funeral services for Mrs. Hannah Mathieson were held yesterday afternoon at the Alto funeral home with the Rev. James G. Ward officiating. During the service Mrs. Louis Hildebrand sang "No Night There" and "Have Thine Own Way, Lord," accompanied by Mrs. F. M. Fernstrom.

THE FACE OF A YOUTH AND THE SOUL OF A SATYR!

● The kind of a grin, you'll agree, that could only be on the face of a guy who knew he was doing a good job. And that's exactly what Bill Jones is doing—out there in the Pacific.

He landed one morning not so long ago on an island the Japs wanted to keep. Splashed ashore, took everything they had to give, across that strip of beach—and gave 'em back a whole lot more than they could take.

We're pretty proud of Bill Jones. He used to be one of our bulk station agents. He'll be working at it again when the war's over, if he wants to—or on some other Standard Oil job just as good or better. Bill knew that when he left.

News From Men In The Service

Sgt. Walter W. Wittkoff, son of Mr. and Mrs. William Wittkoff of 529 South Twelfth street, is spending a 30-day furlough with his wife and daughter, Eva Mae, at Muscatine, Iowa, after engaging in dangerous war missions against the Japs in the South Pacific for the past 15 months.

He is expected to return to Escanaba with his family when he is discharged.

First in the Marshall islands, then in the Marianas and more recently in the Philippines, Sgt. Wittkoff was attached to an enemy bomb disposal unit. He has been in the army for four years, and for a time was an instructor following basic training.

The enemy bomb disposal units are composed of four men, the unit is always in the thick of fighting and receives its sealed orders from base headquarters. It operates with flame throwers, and utilizes dynamite in clearing out remnants of the enemy hidden in pillboxes and caves. Although the units suffer many casualties, Sgt. Wittkoff escaped with only minor injuries.

Sgt. Wittkoff was picked for the particular job because of his civilian experience when he specialized in demolition work as a civil engineer in Michigan.

Geiger Field, Wash.—Sgt. Bertill G. Carlson, son of Mr. and Mrs. Gust Carlson of Rapid River, has begun training as an Aviation Engineer of the Air Forces at Geiger Field, Spokane, Wash., according to word received today from Col. James W. Park, Commanding officer of this base.

Some of the skilled subjects taught by the AAF Aviation Engineer School are repair and operations of automotive equipment such as tractors and graders used in aircraft construction, draftsmanship, camouflage technique, carpentry, operation of highway construction equipment, which is used in the building of airport landing strips, surveying and knowledge of the operation of weapons. Almost equal emphasis

is placed on knowledge of weapons, the Commanding Officer stated, because Aviation Engineer units often operate on the heels of invading troops and must be prepared to help clear airport sites of the enemy if necessary or to defend their engineering work in case of attack. Some of the weapons studied are the 50 calibre machine gun, the mortar, bazooka, rifle, carbine and pistol.

With the Fifth Army, Italy—Sgt. John M. Lueneburg, 524 South Nineteenth street, Escanaba, recently was awarded the Bronze Star Medal for meritorious service in combat in Italy.

He served on the Fifth Army front in the 363rd Infantry Regiment of the 91st "Powder River" Division.

His wife, Roxine E. Lueneburg lives at 524 South 19th street, Escanaba.

Robert E. Ewald, 30 F 2/c, USNR, Menominee, Mich., is in training at the Naval Training Station, Newport, R. I., where he has been assigned to duty aboard a new torpedo boat tender soon to be commissioned.

Ewald, who entered the Navy in February, is married and has two daughters, Jeannie, 3 and Judy 6.

With the 15th Air Force—After long service in Italy with the 15th Air Force, Sgt. Richard L. McClinchy of Nahma, Mich., will soon return to the United States with the veteran 456th Bomb Group. He has 92 points.

Since coming overseas, he has been assigned to the 456th Bombardment Group commanded by Col. Thomas W. Steed, of Etowah, Tenn., a B-24 Liberator bomber group which has participated in numerous bombings of German-held targets throughout southern Europe and the Balkans.

New Delhi, India—Ten Michigan men are members of the 96th Signal Construction Battalion that has built a large part of the wire communications linking the India Burma & China Theaters. They are: Cpl. Theodore C. Hartner, Rt. 2, Stephenson; Cpl. Alphonse P. Laurin, 316 E 5th Street, Flint; T/5 Matt J. Ledrina, Rt. 1, Box 166, Rock; T/5 George Dang Jr., 103 Standish Drive Monroe; S/Sgt. Melvin A. Hawbeck, 618 Johnson St., Saginaw; Pfc. Henry H. Lambert, 307 Flint St. Davison; Pvt. Walter S. Reynolds 3505 Alpha St. Lansing; Major Wayne R. Osborn,

617 Cherry S. E. Grand Rapids; Capt. Walter Lentz, Freeland; and Pfc. Robert D. Duerr, 16208 Edward, Highland Park.

The line was originally built for combat operations, and the speed at which it was constructed was dictated by combat necessity. It runs from Calcutta, India to Kunming, China.

John Stemick, Jr., son of Mr. and Mrs. John J. Stemick, of Ensign, has been promoted from private, first class, to technician, fifth grade (corporal), his commanding officer, Capt. John Whitfield, has announced. Cpl. Stemick has been 20 months overseas, and was stationed in Australia and New Guinea before his recent transfer to the Philippines. A twin brother, Pfc. Joseph Stemick, is serving in Italy.
